

Obituaries

ERNEST E. PRITCHETT
Ernest E. Pritchett, 77, died Monday in Bay Times Veterans Hospital in St. Petersburg, Fla. He was a Mason, a member of the Episcopal Church and a retired Army officer.

Survivors include his wife, Mrs. Ethel Nelms Pritchett, four stepchildren: Mrs. Graydon Anthony of Hope, Mrs. O. G. Wren of Little Rock, Charles Nelms of Crossett and Mrs. Don Mulligan of San Francisco.

Funeral services will be held at 2:30 p.m. Thursday in the Episcopal Church in Tampa and interment will be in the American Legion cemetery there.

WR Backs GOPer for Congress

OSCEOLA, Ark. (AP) — The Republican who received Gov. Winthrop Rockefeller's endorsement as a candidate for the First District congressional seat Monday is a political novice who joined the GOP in 1963.

Guy Newcomb, 38, an Osceola businessman-farmer, said today he considered the governor's blessing a compliment, but added "I haven't gone into the race, yet." Newcomb is one of about a dozen potential candidates for the seat, which will be left vacant next year by the retirement of Rep. E. C. "Took" Catlings of West Memphis. He is the only Republican mentioned so far.

Ford Peace Pact Is Wrapped Up

DETROIT (AP) — Skilled tradesmen and production workers in four locals of the United Auto Workers union have approved the new contract with Ford Motor Co. by comfortable margins.

Production workers voted heavily for the pact Tuesday while skilled tradesmen approved it by a better than two-to-one margin. Some skilled tradesmen had made a last minute bid for rejection of the contract.

The remainder of the UAW's 160,000 Ford members in 101 bargaining units vote today.

The returns came after back-to-back television appearances Tuesday by UAW President Walter P. Reuther who appealed for approval and unhappy tradesmen calling for rejection of the contract.

If the contract is approved, workers in 25 Ford plants across the country would resume work schedules Thursday and Friday. Striking workers have been living on benefits ranging from \$20 to \$30 a week and Ford's new car sales have fallen drastically this month.

The dissident tradesmen, led by Chris Manning, president of a Chevrolet local, purchased a half-hour's television time and attacked the contract, urging its rejection.

Reuther appeared immediately before Manning in an unprecedented television appeal for ratification.

Outburst Fails of Mistrial

MORRISTOWN, N.J. (AP) — Shouts by Negro playwright-poet LeRoi Jones that he was being tried by his oppressors and not his peers did not warrant a mistrial, a judge has ruled.

Jones' verbal outbursts Tuesday criticizing the court prompted both defense attorneys to quickly move for a mistrial.

Judge Leon Kapp ordered the selection of a jury to resume after Jones was led back into the courtroom from jail.

Search for Melton Is Resumed

BENTON, Ark. (AP) — A spokesman said today the Civil Air Patrol was investigating the plane and the flying habits of businessman-farmer Marvin Melton of Jonesboro in an effort to determine what might have happened on the Oct. 13 flight in which Melton disappeared.

The search for Melton's single-engine Beechcraft Debonair resumed today after a one-day layoff because of brisk winds. Five planes were in the air this morning and about five more were expected to join the search later in the day.

Maj. Joel Wall, who is directing the CAP operations, said the CAP was assuming that it was equipped with an automatic Arkansas, but that it was not discounting the possibility that it didn't.

"We could be wrong in assuming he's in Arkansas, but one flight over this timber and anyone could readily see how you could fly over an area many times and still miss a plane much bigger," Wall said.

Wall said the CAP was checking into Melton's flying habits and his plane for clues that might help in the search.

He said Melton's plane was Melton's plane went down in pilot, but that friends and relatives reported that Melton, a veteran pilot, never used it except in perfect weather and the weather was marginal — with a ceiling reported variously at 500 and 1,500 feet — south of Little Rock on the day Melton left Jonesboro on a flight to Dallas.

The plane, however, was not equipped with a gyro to maintain its altitude automatically. Wall said, however, that if Melton passed out at the controls and the plane were on automatic pilot, the plane could go on until it ran out of fuel if it were "trimmed properly."

He said that if the trim were unbalanced, the plane could go up or down.

Wall said authorities also were trying to determine if Melton's plane drew on both its fuel tanks simultaneously or used them only one at a time. This could be a factor in whether the plane was still in Arkansas, Wall said.

He said Melton had enough fuel to reach Dallas.

Wall said authorities were working on the assumption that Melton flew to Little Rock or Pine Bluff by radio beam and planned to fly to Texarkana and on to Dallas by radio beam.

He could have detoured to avoid the weather or could have tried to fly below or above it, Wall said.

The Texas, Louisiana and Oklahoma Civil Air Patrols have conducted searches in their states.

Wall said the CAP would not give up its search until the plane is found, although it is working "at a much reduced rate" now.

PEACE CORPSMAN in Guam poses a sharp contrast to the garb worn by inhabitants of the land toward which he is heading. The corpsman was en route to a training site in the South Pacific where some natives still wear only loin-cloths.

Crackdown Due on Pen 'Trusties'

MEMPHIS (AP) — The Memphis Commercial Appeal reported today that the Arkansas Prison Board has ordered Supt. O. E. Bishop of Cummins Prison Farm to crack down on trusty guards.

The paper said the board's action came in a recent closed meeting and had remained a closely guarded secret.

The article in today's edition of the paper said Bishop had been ordered to take away all free-world clothes and money from inmates and to stake down the trusty barracks, using State Police if necessary.

The action reportedly stems from 11 escapes from the prison in September. One of the escapes was the head trusty, Jim Reeves, who prison officials said apparently left with the permission of a prison warden.

The newspaper said Bishop received the orders on Oct. 5, a day after the secret session. Bishop reportedly called two board members and received their verbal agreement to ignore the shakedown order, which has not been officially rescinded.

The paper said board members refused comment on the action along with Robert Scott, the governor's aide on prison affairs.

Bishop said the board told him to tighten up on trusty guards by cracking down on inmate clothes and money.

Bishop added that "free-world money can never be eliminated completely."

He also said that trusty barracks have not been included in the weekly shakedown because "you have to trust the trusty."

The trusty barracks have not been shaken down in 10 years, the paper said.

The board's action reportedly was designed to reassert the state's control over the 1,329 prisoners at Cummins, particularly the 304 trustees who carry guns and actually guard the prison.

Bishop reportedly refused to allow the shakedowns of the trusty barracks because he feared widespread revolt among the trustys.

THOUGHT FOR THE DAY
The learning and knowledge that we have, is, at the most, but little compared with that of which we are ignorant. —Plato said it.

CALENDAR OF EVENTS

Appreciation services for Rev. and Mrs. J. E. Hughes will begin at Bethel A.M.E. Church tonight at 7:30.

This service is being sponsored by the Stewardess Board and the Usher Board.

Guest churches are: Lingo Baptist, Rev. Walter White, pastor, and Pentecostal Temple Church of God in Christ, Elder O. N. Dennis, Pastor.

The Anna P. Strong Federated Club will meet in the home of Mrs. S. McWashington tonight at 7:30. All members are urged to be present.

The University of Missouri Library, in Columbia, has a shelf capacity of more than a million volumes.

Radioman to Get Axe for Wire 'Bust'

By WALTER MEARS
Associated Press Writer
NEW YORK (AP) — California Gov. Ronald Reagan credits luck and accident for his interception at sea of a White House radiogram—but the break may have been a bad one for the chief radio officer of the SS Independence.

Ship's Capt. Charles E. Reilly announced Tuesday the head man in the radio shack has been suspended pending completion of an investigation of the affair by American Export-Isbrandtsen Lines.

Commenting on the suspension, Reagan said later: "It's shocking. It was so obviously easy for a mistake of this kind to happen, I know for a fact that it happened with other messages. This action smacks of persecution. This is the Great Society at its benevolent best."

Reilly said Chief Radio Operator Charles Berger was one of three men in the radio shack when the White House message arrived, one week ago.

The message, addressed to former Texas Gov. Price Daniel, was one of instruction on tactics to deal with Republican governors who later blocked an endorsement of President Johnson's Vietnam war policy by the floating 59th National Governors Conference.

Reagan got a copy and made it public. In Sacramento, Calif., Reagan said it was sheer accident, and denied that any member of his party had a part in obtaining the message.

"I did not intercept someone else's mail," Reagan added. "I did not read someone else's mail knowingly." He said he never tried to find out how the message got to him.

"Why should I inquire into my luck?" Reagan said.

Independent Officer — Atty. -Gen. Purcell

Henry Haynes photo with Star camera
JOE PURCELL

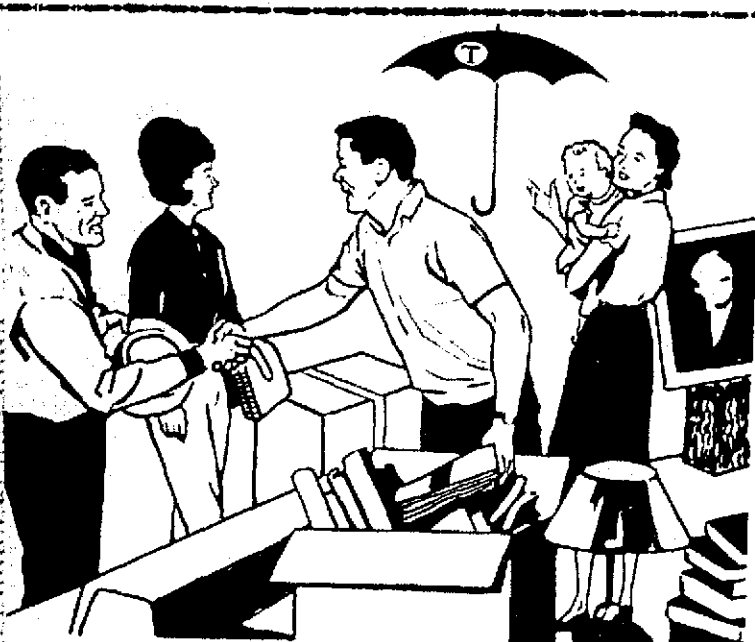

Attorney General Joe Purcell was guest speaker Tuesday before Hope Kiwanis Club and pointed out the duties, responsibilities and functions of his office, which he said served as a counter-balance against the legislative and judiciary branches of state government.

This office must be independent of any other office or branch of government, and should always remain an elective office, Mr. Purcell declared.

"Our primary duty is to render legal opinions and advice to state and local governments, their boards, commissions and agencies."

"The law is the law and it applies equally to all persons regardless of political factions."

Soda water was first bottled in the United States as early as 1807, according to the Encyclopedia Britannica.

Calendar of Events

WEDNESDAY, OCTOBER 25

Winners Game for the Hope Duplicate Bridge Club and other Duplicate players will be held at the Diamond Wednesday, Oct. 25 at 7:30 p.m.

THURSDAY, OCTOBER 26

The Patmos PTA will sponsor a Spaghetti Supper, Thursday, Oct. 26. Serving will be from 6:30 p.m. until 8:00 p.m. There will also be entertainment in the auditorium after the supper provided by the Rainbow Melodians. Tickets are on sale at: Butane Gas Co. and Garrett's & Son Seed. Tickets will also be available at the door.

There will be a joint meeting with the American Legion, Lesley Huddleston Post and the Auxiliary Unit No. 12 at the Youth Center Thursday, Oct. 26 at 7:30 p.m. This meeting will be potluck and business. Auxiliary members are reminded to bring their gifts for the gift shop.

The Hope Country Ladies Bridge Luncheon will be held Thursday, Oct. 26 at 12 noon. It will be potluck. Hostesses: Mrs. Jim Lockhart, Mrs. Jon Leim, and Mrs. Herbert Stephens. Playing cards are needed by the club, and members are asked to bring a double-deck, if possible, to donate to it.

The Southwest Convocation of Episcopal Church Women will be held at St. Mark's Episcopal

Church on Thursday, Oct. 26. Registration will begin at 9:30 a.m., followed by the Holy Eucharist at 10 a.m. After the program and business meeting, the women of St. Mark's will be hostesses to the group for lunch.

FRIDAY, OCTOBER 27

The Friday Music Club will meet at 3:45 p.m., Friday, Oct. 27 in the home of Mrs. Tom Hays, Jr.

SATURDAY, OCTOBER 28

Bodcaw Number 2 Women's Missionary Auxiliary is sponsoring a chicken supper with all the trimmings, Saturday October 28 at 6:00 P.M. It will be \$1.00 for adults, 50 cents for school children. The supper will be followed by a rodeo.

TUESDAY, OCTOBER 31

The Jett B. Graves Sunday School Class of The First Methodist Church will have a pot luck party at 7 p.m., Oct. 31 in the recreation rooms. Hostesses are Mrs. Elsie Snyder, Mrs. Helmer Benson, Mrs. Harry Hawthorne, Mrs. George Walden, Mrs. Richard Lively, Mrs. Wade Gilbert, Mrs. Joe Wilson, and Mrs. Joe Brown.

CELEBRATES GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. Rob Jones were honored on Sunday, Oct. 22 with a party at their home in celebration of their Golden Wedding Anniversary. Hosts were: Mr. and Mrs. John Goodwin and Mr. and Mrs. Stewart Hunt, Texarkana; Mr. and Mrs. Chester Hunt, Hope; Mr. and Mrs. Douglas Mullins

and Mrs. Nora Russell, Dallas. For the occasion Mrs. Jones was attired in blue with a yellow carnation corsage. Mrs. Chester Hunt greeted the guests at the door and invited them in to the home, where a number of pretty floral arrangements in golden hues were seen.

In the dining room the serving table was centered with an arrangement of yellow mums, and refreshments were gold cake with orange frosted punch. Serving the cake and punch at alternate hours were the hostesses, Mrs. Goodwin and Mrs. Hunt of Texarkana, Mrs. Mullins and Mrs. Russell of Dallas.

Dispensing hospitality and assisting in the dining room were Miss Vicki Russell of Dallas, Miss Twila Hunt of Hope, and Miss Brenda Goodwin of Texarkana. The many lovely gifts which the honored couple received were displayed, and Mrs. Roy Mullins and Mrs. Garland Mullins showed them to callers. Miss Gloria Goodwin of Texarkana was in charge of the guest book.

Among the 107 friends who called during the appointed hours were these from out of town: Mrs. Dean Hamilton and David, Alexander, Ark.; Mr. and Mrs. James Bowden, Shreveport; Mr. and Mrs. Johnny Clark, Stephens; Mr. and Mrs. Homer Burke, Camden; Mrs. Pearl White, Texarkana; Mrs. Linnie Fuller, Mrs. Johnny Anderson and Neta Gale, Stamps.

GARLAND PTA MEETS

Guidance Counselor Earl Downs presented the program, "The Serious Student," at the October 11 meeting of the Garland School PTA. The thought-provoking message followed an inspiring devotion by the Rev. Everett Vinson.

Garland PTA President Mrs. Hollis Moses presided over the routine business meeting, and the President's Message in the PTA magazine was read by Mrs. Norman Smith. For the benefit of the members Mrs. Gene Pendergraft read the by-laws of the local organization.

There were 38 at the meeting and the door prize was won by Mrs. Bill Jordan.

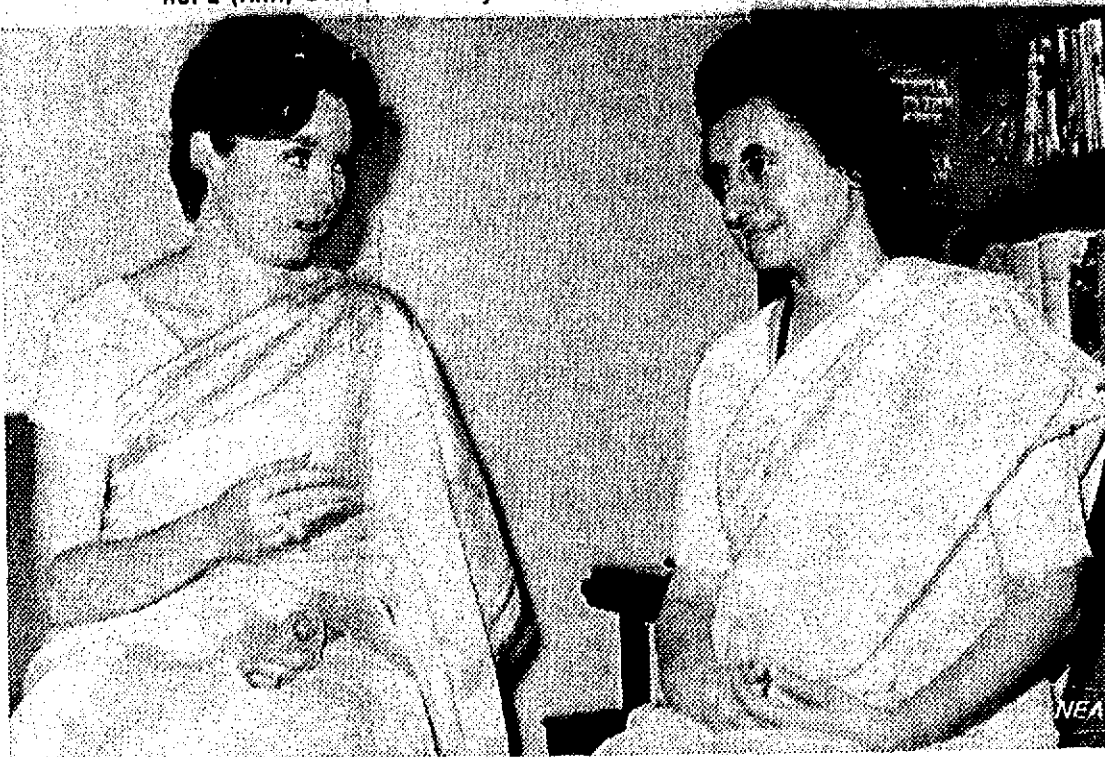

Coming. Going

Mr. and Mrs. Paul Rawson have returned from a weekend trip to Hot Springs, Morrilton, Green's Ferry, Mountain View, and Batesville.

"Dog Days"

"Dog days" as a term for the warmest period of summer goes back to the time when the ancients studied the stars. They observed that Sirius, known as the Dog Star, rose with the sun just before midsummer and thus associated it with the driest, hottest time of the year.

Actress Shirley Maclaine, left, a fan of India and Indian ways, met Prime Minister Indira Gandhi in New Delhi recently while on a visit to that country. The sari is one of 17 owned by Shirley, who proudly points out she can tie them herself.

Living Cost Rises With Income

WASHINGTON (AP) — The more money you make the more it takes to live, says a government report showing a "moderate" standard of living costs a city family of four more than \$9,000.

"Psychologically, the family feels as much pressure as before because it wants more," said Commissioner Arthur M. Ross of the Bureau of Labor Statistics.

The report shows a "moderate" living standard cost 39 percent more than in 1959 when the last such study was made. Fifteen per cent of the increase was in prices. The other 24 per cent was in real improvements in the form of better food, more autos and other family needs and desires.

Ross emphasized the study does not represent a typical American family, but provides a yardstick to measure the spending habits of other families.

The median income of the nation's 48 million families is about \$7,500 a year.

The study was based on a theoretical 38-year-old man with a steady job earning \$11,000 a year, his wife who doesn't work, a 13-year-old son and an 8-year-old daughter.

It took them \$9,191 in an average U.S. city for a "moderate" living standard last year, and with price increases since then the figure is at least \$9,420 a year now.

They spent \$7,329 on food, housing, clothing, transportation, medical and personal care and other items and the rest on taxes, life insurance, gifts and contributions to social and charitable organizations and job-related expenses of the husband.

"It is not a poverty budget nor is it a luxury budget," said Ross. The bureau will later publish living cost figures for families with both higher and lower incomes.

The "moderate" family budget, Ross said, shows that "aspirations and expectations multiplied at least as rapidly" as rising income and the production capacity of the economy.

The same couple without children could have lived just as comfortably with \$3,778 less income. If they had four children instead of two, they would have needed an additional \$2,345 income to keep up the same level of living.

The new report reflected more home ownership than the 1959 study, more families owning automobiles and many better quality and higher priced items.

Petition Would Oust G. & F. Men

HAMBURG, Ark. (AP)— The Fox and Deer Hunters Association of Ashley County is circulating petitions in 20 South Arkansas counties asking Gov. Winthrop Rockefeller to oust three members of the state Game and Fish Commission.

The association, organized at a Monday night meeting attended by some 350 persons, passed a resolution asking for the removal of Commissioner Tom Pugh, Commission Director Hugh Hackler and Gene Rush, head of the commission's game division.

The association said sportsmen in the district objected to recent commission regulations limiting the use of dogs in fox and deer hunts. It said they also objected to the early squirrel season.

Forest Rice of Crossett was elected president of the organization.

HELEN HELP US!

by Helen Bottel

THEY FIGHT LIKE CATS AND DOGS

Dear Helen:

Our neighbor has two dogs and four cats. The animals have decided our lawn and flower beds are their exclusive property. The dogs scavenge over the neighborhood and bring back sacks of garbage which they scatter in our yard. The cats are ruining my special flower bed, and the stench is terrific. Our children can't play on their own lawn because it's so messed up.

I asked the neighbor's daughter to clean up after her pets, and she told me she charged for yard work. I've very politely asked the parents to train their animals. They ignore me. Finally, in desperation, I dumped a load of dog bones, torn-up papers, and worse, on their lawn. This morning I found them thrown on our front porch. What a mess!

Am I justified in hauling these pests off to the pound? Every time I open the car door, they jump in, so it could almost be "by accident." -- ROPE'S END

Dear R.E.:

Why not, instead, call the health department and report a public nuisance? Throwing garbage gets you nothing but garbage thrown in return, and the same goes for hot words among neighbors. Let the authorities handle this by enforcing city ordinances -- and keep you cool! -- H.

Dear Helen:

I write every day to my husband in Vietnam, for we're both terribly lonely. Yet I get letters from him saying, "I didn't hear from you again this week; what's wrong?"

He got only two letters from me this month and they are almost a month old. I know others have this trouble, as a boy just home on leave tells me he never did get his Christmas packages.

I can't help but feel some men die thinking no one cares enough to write, when their mail is just lying around somewhere. What's the trouble? -- MRS. W.E.M.

Dear Mrs. M:

I discussed your complaint (and others like it) with a Post office official and learned that each letter with an APO address is given top priority, state side, and is airmailed from point of origin to Vietnam, all for a five-cent stamp! Fast!

However, fighting men move around. Sometimes mail is held for them until they return to their bases. In a war zone, letters can't always travel at top speed.

Mobile Unit for Health Announced

James H. Jones, superintendent of the Hope School District, announced today the initiation of the mobile unit services from the Southwest Arkansas Diagnostic and Remedial Services in Magnolia.

These services are a part of a Title III project supported by funds from the Elementary and Secondary Education Act of 1965. Hope and 27 other school districts in Hempstead, Nevada, Ouachita, Lafayette, and Columbia counties are receiving diagnostic and remedial services from a staff consisting of two psychologists, two speech therapists, two social workers, two educational consultants, one nurse, a pediatrician one-half time, and a consulting psychiatrist.

Services now being provided to the Hope School District include evaluation of individual pupils who are experiencing some difficulty in their school work, consultation with school staff concerning the plans for a summer program in special and remedial education, and a graduate class in special education from the University of Arkansas's Extension Center at Southern State College.

The mobile unit services will consist of screening the entire student body for speech and hearing problems. This service was initiated in an in-service training program recently when the speech therapists, Miss Margaret Meagher and Mrs. Cecilia

Timmon, provided instructions to the entire Hope school staff to assist in identifying those youngsters who are to be evaluated. The mobile unit has a multiple purpose in design and includes conference rooms and testing areas which can be converted into a small classroom. It also has one of the best equipped speech and hearing diagnostic units to be found anywhere. The unit has been used in Magnolia, Prescott, and is scheduled later for Saratoga, Blevins, Lewisville, Bradley, Oak Grove, and McNeill. All services of the project staff are a vital part of each local school district.

Referrals for any type of evaluation or services are processed through a contact person in each of the local school districts. Mr. James H. Harding, counselor, has been designated by Mr. Jones as the official contact person for the Hope district. Referrals may be initiated by parents, teachers, family physicians, county health nurses, and others. In such cases the person initiating a referral can contact their school principal or Mr. Harding.

LET'S TALK ABOUT MOVIES

By VELDA SEAMANS

Thurs. - Fri. - Sat., Walt Disney's "Snow White and the Seven Dwarfs" will be shown at the Saenger. This was his first full-length motion picture cartoon, was shown first in 1939 and is being re-released for the fifth time. A picture for all ages, with music and pint-sized characters that will keep you entertained every minute. Along with it, the second feature will be Samson and the 7 Miracles, a colorful adventure with that fabulous strong-man...

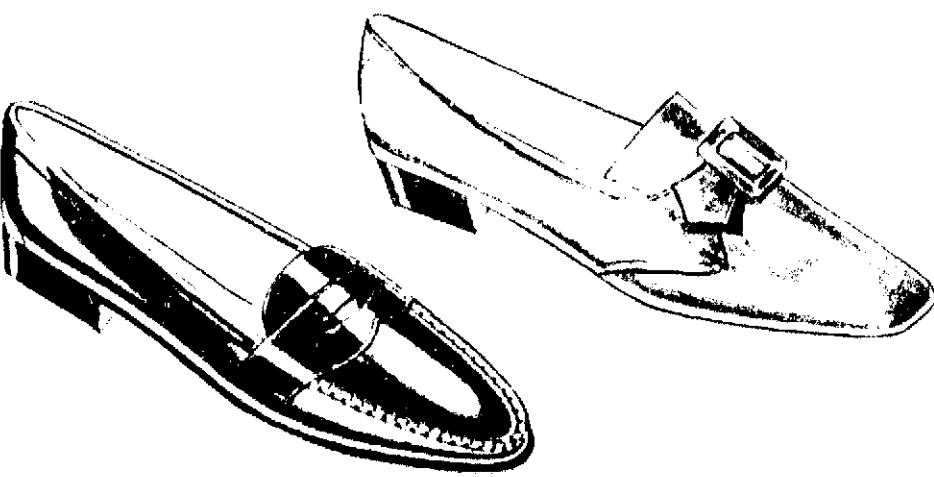

Saturday Night at both the Saenger and Dixie. We're letting the spooks loose a few days before

Halloween. At the Dixie, beginning at 7:15 there will be a spook-spree jamboree, three features, come early and stay late.

Sat. Nite at 10:00 we're having another pre-Halloween party, at the Saenger. It's frightening, it's fun so come on down for an eerie night of terror... and be scared with us.

Sunday-Monday, Jean Fontaine in "The Devil's Own!" Witchcraft and Voodoo means and unusual adventure, a good plot and scary scenes which are not for the very young.

Forecaster's Average on Decline

By HAROLD CLAASSEN
Associated Press Sports Writer
NEW YORK (AP) — Like the cost of living, a football forecaster's average sometimes goes out of sight. But there's a difference because the forecaster's figures always get smaller and smaller. Last week's average was .704.

The year's average is .713. Here are this week's picks: Southern California over Oregon; By sundown Saturday, Orange Juice Simpson will taste like bitter lemon to the Webfoots of Oregon.

Colorado over Oklahoma State: The Cowpokes are strong on defense but they never have encountered anyone who can puncture a line with the speed and efficiency of Wilmer Cooks, the 215-pound Buffalo fullback.

Tennessee over Louisiana State: If the Volunteers could beat Alabama last week with a third string quarterback, what will they do to LSU now that everyone is healthy?

North Carolina State over Duke: Dennis Byrd, a 250-pound tackle is in charge of the Wolfpack's defense. The friendliness of the home field also will help NC State remain unbeaten.

Notre Dame over Michigan State: A year ago this was the all-everything game but this time around there is a lot less glamor although the bumps and bruises will be as numerous as ever. You can watch from your own arm-chair.

Georgia over Kentucky: This season, Kentucky has lost five straight while yielding 140 points. Georgia has won four of five while punching over 151 points.

Purdue over Iowa: Mike Phipps, Purdue's sophomore quarterback, is the nation's all-offense leader.

Wyoming over Arizona State: The game is being played in the Sun Devils' stadium but that won't help them any.

Houston over Mississippi: The margin of victory could be as thin as a point after touchdown.

Indiana over Arizona: The Hoosiers travel a great distance for their sixth triumph of the season but the journey home will be a happy one.

Syracuse over Penn State: Neither team has a pass attack and you can't run against that Syracuse line.

Alabama over Clemson: The Crimson Tide gets revenge for its upset defeat of last week.

Bodcaw in 38-22 Win at Laneburg

The Bodcaw Badgers played in three games versus the Laneburg Hornets last Friday night at the Laneburg gymnasium.

At the end of the first quarter in the first game, the Bodcaw junior boys led Laneburg by a score of 14 to 0. The final score was Bodcaw 38, Laneburg 22.

The Senior Girls' game was indeed a rough one. At the end of the first quarter, Laneburg was ahead by three points, but by the half, Bodcaw was ten points in the lead. The game ended a few seconds early due to an accident on the court in which a Laneburg girl was knocked out.

At the close of the game, the score stood at Bodcaw 49, Laneburg 28.

The Senior Boys' game went well to Bodcaw with a final score of 74 to 46 in Bodcaw's favor. High scorer was Bruce Newton who scored 27 points.

SOLUNAR TABLES
By RICHARD ALDEN KNIGHT

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLAR TABLES. Play your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major Periods are shown in boldface type. These begin at the times shown and last for an hour and a half or two hours thereafter. The Minor Periods, shown in regular type, are of somewhat shorter duration.

Camden Is Hope's Next Football Foe

By RALPH ROUNTON

Star Sports Writer
Presently in the depths of a five-game losing strand, the Hope Bobcats will try to break out this Friday night against the lightly-regarded Camden Panthers.

It would appear to be the proper time for the Bobcats to jell, as the major bulk of 4-AA has already played the Cats. Only Camden and Warren remain, then the grand finale against Nashville, whose Scrappers are presently breezing along with an 8-0 mark on the year.

In 1966 the Bobcats broke a losing string by beating Camden 20-7 on Homecoming night at Hammond Stadium. The following week saw the Bobcats mature into a solid team, spanking Warren 34-14 with an explosive offensive performance.

This year Camden has one victory, a 14-7 win over hapless Arkadelphia. Last week the Panthers fell to Warren 26-0, only the second win of the season for Coach Jamie Raper's Lumberjacks.

The Bobcats most likely will stick to the slot offense for Camden, with a slotback to the side where an end is split four to five yards. This offense was ushered in for the Crossett game, and the Cats scored 32 points in their next two outings, although shut out 13-0 last Friday by Magnolia, with the stingiest defense in the conference.

As for the rest of Region 4-AA, it is in a state of turmoil, with one unbeaten team (Malvern), three teams with one loss (Crossett, Magnolia, Fairview), and Smackover has two losses. However, many of these teams must play each other in their remaining games, bringing in the strong possibility of a tie for the 4-AA crown. Malvern could blow it all if the Leopards are beaten now, since they already have a tie with Crossett. Magnolia also has a tie, which means a lot when the final figures are totaled.

Therefore Fairview's Cardinals, with a single loss its only mar, could win it all by beating Malvern. Whoever wins, it remains to be remembered as one of the closest 4-AA races in several years.

Tomorrow night the Hope Bobcats clash with the Fairview Ju. High Cardinals at Camden's south side. Kickoff time is set for 7:30 p.m.

Tennessee Killed 'Bama Ground Game

By ESCAR THOMPSON
Associated Press Sports Writer
KNOXVILLE, Tenn. (AP) — Tennessee's strategy against Alabama was to stop the Crimson Tide running attack and force quarterback Kenny Stabler to throw.

The strategy worked, giving the Volunteers a 24-13 victory, boosting them from seventh to fourth in The Associated Press football poll and bringing Back of the Week honors to defensive back Albert Dorsey.

Saturday was Dorsey's 22nd birthday and he celebrated by intercepting three Stabler passes, the last of which he ran back 31 yards for a touchdown. Two other Stabler tosses were picked off by Vol defenders.

Both Tennessee Coach Doug Dickey and Alabama Coach Paul "Bear" Bryant called Dorsey's thefts key plays in Tennessee's triumph.

"Coach Dickey teaches us that you have to stop your opponent before you can beat him," Dorsey said. "It was part of my job to stop Alabama and I was certainly happy I could help do it."

"The touchdown I scored against Alabama was my first and it certainly was the biggest thrill of my life," Dorsey said he was thankful for playing football.

"I'm too small (5-foot-11 and 170 pounds) to play offensive football," he explained, "I don't suppose I'd get to play if we didn't have a defensive team."

John Tresvant led Detroit with 15 points.

Baltimore built up a 22-point lead, but Seattle then rallied to cut it to two, 103-101, before the Bullets again pulled away. LeRoy Ellis scored 20, rookie Earl Monroe 25 and Kevin Loughery 21 for Baltimore. Seattle was led by Bob Rule's 25 and Walt Hazzard's 21.

Jim King, now in his fourth NBA season, had his best scoring game as pro, pouring through 37 points to lead San Francisco. Bob Love and Oscar Robertson carried the brunt of the Cincinnati attack—Love scoring 29 and Robertson 27.

3 Work Out for Hogs' Quarterback

FAYETTEVILLE, Ark. (AP)

Arkansas Coach Frank Broyles, still undecided as to which quarterback he will start against Kansas State next Saturday, worked all three during a 90-minute practice session in cool, crisp weather here Tuesday.

"We had a good practice and worked hard on our passing game," Broyles said later. "I thought all three quarterbacks threw the ball well, but we still have a lot of work ahead."

Sophomore John Eichler, a strong runner and an adequate passer, started the last three games for the Razorbacks.

Senior Ronny South, the No. 1 quarterback at the beginning of the season, relieved Eichler late in the game against Texas last week and passed the Porkers to their last touchdown.

Broyles has turned to junior Gordon Norwood for relief work all year.

Broyles compared Kansas State to Baylor, which tied the Razorbacks 10-10. He said K-State had a professional-type offensive attack with two split receivers, plus a big offensive line and two big running backs.

South and kicker Bob White remained on the field after Tuesday's practice session was over to work on their field goals.

U.S. Divers Lose Out in Olympics

MEXICO CITY (AP)—Divers need good officials and they don't have them here during the Pre-Olympic Games, U.S. coaches maintain.

Dick Smith, U.S. men's Olympic coach from Phoenix, Ariz., and Hobie Billingsley, women's coach from Indiana University, told a newsmen Tuesday after the 10-meter platform finals in which the Americans were beaten, that not just Mexico was at fault. And Smith made it clear his comment was not just a "sour grapes."

Keith Russell of Mesa, Ariz., and a protégé of Smith's since the age of nine, took a silver medal on the strength of his last two dives, one of which won 24.65 points — the highest of all point scores awarded.

At 164.70, Russell trailed gold medalist Claudio Diblasi of Italy, who had 168.46. Third was Vaske Arimetsu of Japan, 163.71.

In women's competition, Patty Simms of Arcadia, Calif., placed third with 101.46, behind winner Galina Alexeeva of Russia, with 111.37 and Keiko Osakid, Japan, with 103.06.

"There was a great contest here between the divers, but their actions were not reflected by the scores of the judges," Smith said. "I've been around diving as long as anybody sitting here today and if this is any indication of judging in world competition, everyone should take steps to clean up judging."

Billingsley faulted the composition of the judging panel, as did Smith. "There were five Mexican judges, one East German and a Russian," he said.

"And the East German and the Russian were actively coaching the divers they had entered," Smith said.

Miss Alexeeva was the only Russian entered, and the only East German, Lottar Mathes, wound up fourth in the men's event with 162.28.

Both coaches said they felt the contestants finished in the right order and that the best won. Although Russell was the only U.S. male diver, Billingsley did not fault the fourth and fifth-place finishes of Air Force Lt. Micki King of Ann Arbor, Mich., with 98.05 points and Cynthia Potter, Houston, Tex., with 96.35. Both had an off day.

"But it's just not fair for youngsters who work so hard to be misjudged," Smith said.

Miss Alexeeva's victory gave the Soviet Union 22 gold medals and was one of only four golds awarded Tuesday. Diblasi's win put Italy second in gold medals with nine while West Germany's Konrad Witzdahl won a gold medal in skeet shooting. Hungary was first in women's team foil fencing.

'Headless' Horsewoman

EQUESTRIENNE Mary Chapot kept her head about her, though it may not appear that way. Her cap flew off as she landed on her feet between the hurdle when her mount, White Lightning, crashed through the final jump on a jump-off event in the Penn National Horse Show in Harrisburg, Pa.

Reds Sweep Events at Olympics

By CHARLES GREEN

MEXICO CITY (AP)—Soviet athletes swept event after event in Mexico's P-Olympic Games but they won't be any competition next month during the World Cup golf tournament.

The Russians don't play golf. "We'd like them to start and get in some of these international tournaments," said Fred Corcoran of New York, tournament director for the International Golf Association (IGA). "But we took a survey and found out they don't even have a golf course."

Corcoran said a course was built in the Soviet Union during the presidency of Dwight Eisenhower in anticipation of a visit by the U.S. president to the Soviet Union.

"We're told that it never was used and has grown up in weeds," said the man who will supervise the World Cup tournament Nov. 9-12 at the Club de Golf Mexico.

The absence of the Soviet Union, however, distracts not a bit from the tournament which is larger this year than ever before.

The World Cup, formerly called the Canada Cup, pits the two best professional golfers a country has against the best from other nations in a 72-hole battle of international pride and prestige.

Forty teams are entered this year for play on the longest course ever used for the tournament, a 7,216-yard, par 72 layout just 30 minutes from downtown Mexico City.

Arnold Palmer and Jack Nicklaus, generally agreed to be the two best professionals in the world, will represent the United States. Palmer has been on five winning teams but never has won individual honors. The U.S. is the defending champ.

Other top golfers entered are Gary Player of South Africa, Bob Charles of New Zealand and Roberto de Vicenzo of Argentina.

Practice rounds on the completely renovated course are scheduled for Nov. 6-7 with a pro-am set for Nov. 8.

The queen was crowned by the captain of the football team, Spencer Brown.

Blevins Is Winner in 2 Out of 3

Blevins outscored Oklahoma in two basketball games Tuesday night at Blevins. The Blevins Jr. Boys and St. Girls were victorious.

The Blevins senior boys lost to Oklahoma 60-63 in an overtime. Four of the Blevins starters fouled out before the overtime. James Roberts and Ricky Paul both had 17 for Blevins.

Blevins senior girls enjoyed an easy victory 72-26 over Oklahoma. Dot Steed scored 21, Rebecca Fulton 19, and Janice Hugg 18 for the winners. Gloria White was high with 17 for Oklahoma.

Blevins junior boys won 62-26. Timothy Taylor scored 15 for Blevins. Stovall had 12 for Oklahoma.

Homecoming Is Held by Yerger Hi

By LINDA WILLIAMS
Yerger Sports Writer

The Coronation at Yerger High School Homecoming Saturday began with a presentation for the junior class to the football boys. The presentation was a cake.

As the coronation got under way Miss Yerger High School 1966-67 walked down the aisle with her king, Mr. Yerger High School. The queen was Miss Earline Mitchell and the king Mr. Richard Briggs. Both are members of the Senior Class.

The queen contestants were Brenda Milus, Joann Dempsey, Nancy Muldrew, Sarah Palmer, Cynthia Laceyfield, Ala. Mae Garland, Ruth Williams, Vera Williams, Loreta Williams, Irene Hendrix, Linda Hicks and Terry Whitley.

Talent numbers were given in honor of the old queen and the new. The talent consisted of solos, trio, and a piano solo. Participants were Joann Wright, Joann Dempsey, Justine Dudley, Carol Williams, Mary Brown, Ala. Mae Garland, Claude Simpson, Edwin Crawford, Betty Williams, Harold Phillips, and Linda Williams.

The first runner up is Miss Cynthia Laceyfield. Miss Yerger High School for the year 1967-68 is Miss Linda Hicks. She's a member of the senior class, homeroom 11-c, sponsor, Mr. Nunn.

The queen was crowned by the captain of the football team, Spencer Brown.

Foster vs. Roundtree Tonight

WASHINGTON (AP) — Bobby Foster, with apparently nothing to gain but a possible quick trip to obscurity, puts his championship hopes on the line tonight when he meets unranked Levan Roundtree in a 10-round light-heavyweight match at D.C. Stadium.

Foster, ranked No. 2 in the division by Ring Magazine, has been promised a title match with the winner of the Nov. 17 championship fight between Dick Tiger and Roger Bousie.

Alabama Out of Top 10 First Time

By HOYT HAWWELL

Associated Press Writer
TUSCALOOSA, Ala. (AP) — Football Coach Paul "Bear" Bryant considers one defeat a losing streak.

Tennessee defeated the Crimson Tide 24-13 Saturday and Alabama, the only team to finish in the top 10 every season since 1959, dropped from among the nation's elite.

"We certainly hope to get back to winning, and snap our losing streak," Bryant said today.

Perhaps he was remembering 1965 when the Tide lost to Georgia, was tied by Tennessee and yet won the national championship with a 39-28 victory over Nebraska in the Orange Bowl.

Florida State tied Alabama to begin this season and the Tide defeated Southern Mississippi, Mississippi and Vanderbilt before running into the determined Vols at Birmingham Saturday.

To snap the "losing streak," Saturday, Alabama will have to defeat Clemson in what Tiger Coach Frank Howard calls "Death Valley," Clemson's home stadium.

"I'm probably the biggest bonehead in America for ever letting ole Frank talk me into playing up there," Bryant said, "but it's too late to change it now."

Despite the rare defeat, Bryant said he plans no major changes in preparation or personnel for the Clemson game.

Robinson Best of Linebackers

By JACK HAND

Associated Press Sports Writer
NEW YORK (AP) — If Dave Robinson doesn't make all-league linebacker this season, there will be eyebrows raised around the National Football League.

Robinson, a 6-foot-3, 245-pound hunk of man who plays left linebacker for the Green Bay Packers, is the Defensive Player of the Week in the NFL according to The Associated Press.

The man who pressured Don Meredith into an interception in the closing seconds of last season's Green Bay-Dallas title game, put on a show for the New York Giants last week at Yankee Stadium.

Within a space of about two minutes in the third period, Robinson intercepted two of Fran Tarkenton's passes. The first came on a ball that bounced out of the hands of Joe Morrisson on New York's 26. A clipping penalty forced the Packers so deep they had to give up the ball. The second came on the Giants' 10, leading directly to a field goal by Don Chandler.

Leaping into the air to grab Tarkenton's toss with one hand, Robinson made his second interception one of the most spectacular defensive plays of the season.

Foster, ranked No. 2 in the division by Ring Magazine, has been promised a title match with the winner of the Nov. 17 championship fight between Dick Tiger and Roger Bousie.

Donny Anderson of Green Bay has the best punt return average, 13.7, and John Love of Washington has the best kickoff return average, 39.0 yards.

Mary Woodson of Pittsburgh still has the most interceptions, five.

Unitas Top Passer in National

NEW YORK (AP) — Johnny Unitas of the Baltimore Colts has taken over as top passer in the National Football League's weekly statistics, but he would trade it all for victories instead of ties in the last two games.

Unitas has been breaking records each week. The latest was the mark for career completions, previously held by Y.A. Tittle. The 20 completions in Sunday's 20-20 tie with Minnesota gave him 2,131 for his lifetime total, compared to Tittle's 2,117.

The involved standings gave Unitas the lead in a combination of a 60.1 completion percentage, 10 touchdowns, 2.5 interception percentage and 8.14 yards average gain.

Norm Sneed of Philadelphia, last week's leader, dropped to third and Sonny Jurgensen of Washington moved into the No. 2 spot.

Johnny Kelly of Cleveland, heading for his second straight 1,000-plus yard season, has 516 yards for six games, counting the 111 on 18 carries Sunday against Chicago. Johnny Roland of St. Louis is second with 499 yards, picking up 71 yards on 17 attempts against Philadelphia.

Jim Bakken, St. Louis' place kicker, continues to pull away in the scoring department with 70 points on 17 field goals and 19 extra points. His closest competition is Homer Jones, New York's split end who has scored nine touchdowns in 14 games.

Jones is ninth among the pass receivers, but his 28.1-yard average and eight touchdowns are tops. Charley Taylor of Washington has caught the most passes, 35.

Pat Studstill of Detroit still leads the punters with a 45.4 yard average.

Donny Anderson of Green Bay has the best punt return average, 13.7, and John Love of Washington has the best kickoff return average, 39.0 yards.

Mary Woodson of Pittsburgh still has the most interceptions, five.

Nicklaus in Lead at Las Vegas

By BOB MYERS

Associated Press Sports Writer
LAS VEGAS, Nev. (AP) — Jack Nicklaus, a two-time winner and the defending champion, led golf's top-ranking professionals into the first round of the \$100,000 Sahara Invitational Tournament today, a 72-hole event that will mean \$20,000 to the winner next Saturday.

Arnold Palmer, who has won almost everything in the world except the rich Sahara, could pass the mark \$200,000 money winning magic in a year with a victory here. To date, the millionaire pro has collected \$182,393 in official earnings.

Nicklaus is not far behind. He's won \$168,998.

Others in the \$100,000 bracket who are here for more loot are Julius Boros, Bill Casper, Dan Sikes, Doug Sanders and Frank Beard.

Play is over the Paradise Valley Country Club, 7,069 yards of greenery, splashed in this desert country. It has a par of 36-35-71, where a year ago Nicklaus put together rounds of 71-77-68-66-282. He had also won the event in 1963.

There was a day when no one differentiated between the one-over-one response and that of two in a lower valued suit. There was some slight differentiation in that you would respond one-over-one with a bad hand and a four card suit, while the two-over-one required either a fair hand, a good suit, or both.

Gradually, people started raising the point count requirements for two-over-one, and today this response promises a minimum of a good 10 points and usually shows at least 11.

Some people even go so far as to promise a second bid. We don't do that, but we try to find a second bid and will do so if partner rebids in a new suit.

This makes it possible to use fragment bids after a two-over-one response. North could have forced with three clubs. Hence, his four club jump was a fragment bid and showed diamond support and a singleton club.

South had a minimum 10 points for his two diamond call, but the fragment bid was just what he wanted to hear. Obviously all his cards were going to work for him at a diamond contract, and he bid four no-trump to check for aces.

He ran no risk with that bid. He was going to five diamonds anyway and would pass complacently if North showed just one ace.

As is usually the case with lay-down slam contracts, there are any number of ways for North and South to get to six diamonds. It is mighty easy when you see all 52 cards. It wasn't easy at the tables in the duplicate game where it occurred. Only two pairs out of nine got there.

TODAY'S QUESTION

Instead of bidding two hearts, your partner bids two spades over West's two clubs. What do you do now?

Take Simple, Effective Precautions Against Fire

GIVE GREENS A FIRE-RETARDING treatment by dunking them in a solution of 1/2 pound alum, 1/2 pound kitchen shelf baking soda and a gallon of water. Spray Christmas tree with the same mixture, using a bug killer gun or other squirt type contraption to safeguard it against fire, too.

During the holidays your home is more susceptible to fire than at any other time of the year. All fire-causing components are present... greens and your Christmas tree trappings for fodder and to ignite them, heat from the tree lights and candles. So for a safe and happy holiday, follow these simple precautions:

1. Saw the Christmas tree trunk off at an angle at least one-inch above the original cut end; then use a stand that provides for a water well. Keep well filled to above the cut line.
2. Station the tree and greens well away from any heat-producing devices such as radiator, fireplace or television, or from where smokers are apt to sit.
3. Before decorating tree, give it a fire-retarding treatment. Dissolve 1/2 pound alum (available in drugstores) and 1/2 pound kitchen shelf baking soda in a gallon of water. Fill a bug-killing gun or other squirt-type contraption with the solution and spray it on the tree. Decorative greens should likewise be treated, but they can be dunked in the solution. Extra bonus — a decorative snow-like coating. Remember, however, that this treatment is merely a fire retarder. Fire can still break out although it will be a slow smolder instead of a fast blaze, so don't be lulled into a false sense of security.
4. Before installing lights, inspect them carefully and dispose of any with faulty sockets or frayed wiring. Then inspect lights periodically to see if needles around them have turned brown. If so, move them.
5. Use only foil or flameproof or fireproof material to cover the Christmas tree stand. If you want to use an old sheet, flameproof it first by dipping it in a solution of 9-ounces of pure borax, 4 ounces of boric acid powder and a gallon of water. Wring by hand, hang to dry and iron if you wish.
6. Use only glass, metal or fireproof trimmings on the tree.

HOW TO TAKE STRAIN (AND PAIN) OUT OF SHOPPING

The atmosphere of Christmas, according to tradition, is supposed to be "calm and bright," but the period preceding it seldom is.

Besides the usual chores of housekeeping and weekly shopping, mothers must also wrestle with the seasonal job of shopping for gifts and cards, and planning and cooking special feasts. Then there's the holiday baking, cleaning the house from top to bottom, decorating it, and lastly, preparing to entertain both expected and unexpected guests.

Comes Christmas Eve and Mother, understandably, is in no condition to get up and haul in the Yule log while she carols with joy.

Nevertheless, the Christmas holidays were meant to be enjoyed and if you plan your schedule, organize your family, and conserve your energy, they can be fun. Toward this laudable end, the makers of Bayer aspirin offer the following helpful tips for making it a merrier Christmas.

Shopping for a seemingly endless list of presents looms largest on the holiday-to-do list. Therefore, spread your shopping trips over several weeks. Allocate no more than three hours out of a day to it. Start early in the morning when you are fresh. Also that's when the stores are not usually crowded. At home, after a hectic shopping session, ease those aches with two aspirin, and a leisurely soak in a warm bath for 15 minutes. You'll be surprised how this helps.

You can cut down your shop-

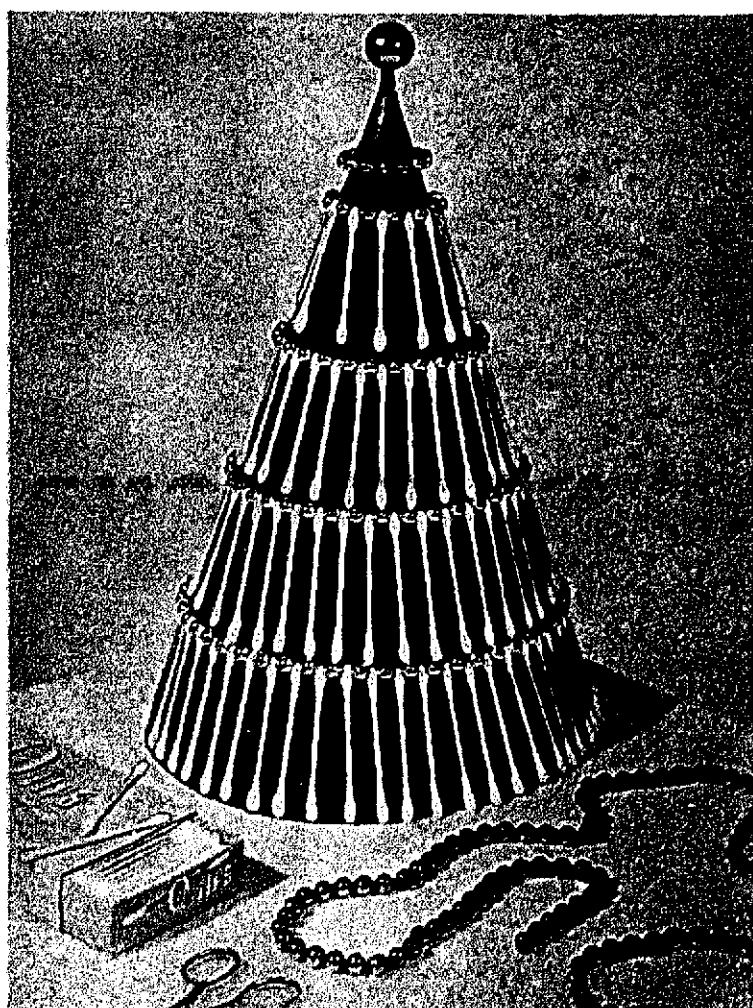

TABLE-TOP PAPER TREE YOU CAN MAKE from construction paper, colorful beads, cotton swabs, needle and thread, tree top decoration and glue. Great party decoration for the holidays! Photo: Q-Tips Cotton Swabs.

HOPE (ANY) STAR, Printed by Offset
ping mileage by using the catalogues that big department stores send out at Christmas-time. In many cases, you can order gifts by mail or telephone directly from the catalogues.

Addressing greeting cards can be another time-consuming job. You can take the strain out of this by dividing your list into four parts and then doing each part over a four-day period. Also, involve the youngsters in this by having them address the envelopes (if their handwriting is legible) and in sticking on the stamps.

Your baking task will be easier if you make a list of the special things you want to prepare. Then set aside one day of a week and call it "baking day." Fruit cakes, candies and cookies can be made considerably ahead of time if you take care to wrap them in foil or waxed paper. Little girls love to help with this particular chore so delegate the mixing, decorating of cookies, and some of the wrapping to them.

When it comes to decorating the house, keep it fairly simple. Besides the tree with lights and ornaments, you will have candles, wreaths, garlands and table decorations to think about. You need only a few of these to turn your home into a place of splendor. If you decide to make some, remember again to pace yourself. Do a little bit each day as Christmas approaches.

PARTY-WISE PAPER TREE EASY TO MAKE

Paper, in culottes and chairs, flowers and footwear, wastebaskets and washcloths, is the newsmaker of the year. All the more reason to update your holiday decor with a simple paper Christmas tree! Scaled to a table top, this tree can be set amid a blanket of soft white cotton that simulates snow and invites an array of tiny gifts — those you're giving, or those you've received.

To make the tree, you need a sheet of solid colored construction paper, colorful Christmas beads, a box of "Q-Tips" cotton swabs, needle and thread, a miniature tree-top decoration and some glue.

First, fold the construction paper into a cone about 15-20 inches high. The width across the cone's base should be 10 inches. Glue the cone together in back.

Once the base is completed, glue the cotton swabs in position. Then, thread the Christmas beads onto the needle and make six strands, varying in size, beginning with the largest for the base of the tree. Slip the beads on the tree; they should rest lightly on the tips of the cotton swabs.

Finally, top the tree with a tiny Christmas ball, or any miniature tree decoration that suits your fancy.

Choose for Your Young Truck Tycoon

Purposeful toy models of giant trucks take the spotlight in the Yule toy parade. Outstanding in play value is a new tractor-trailer. It boasts 375 square inches of cargo space in the trailer and adjustable dolly wheels, reports Hy Schiff, vice president of Structo Division, King-Seely Thermos Co.

Another innovation that scores high for fun is an auto transporter with open sided girder construction. Ramps adjust to two positions. The loading ramp locks into the trailer for easy loading, there are three late-model cars.

A snorkel fire truck is another innovation sure to appeal to the junior truck connoisseur. This operates hydraulically in six positions. The Power-rr attachment simulates the roar of a giant motor without batteries.

A Kenya Karryall features removable cages for wild animals and a new mobile merry-go-round truck gives youngsters a chance to play traveling carousel operator.

Put a Petticoat 'Round Your Tree

Rather than using cotton to cover the base of your tree this year, why not plan to make a gay petticoat?

These can be made quickly with felt and a pair of pinky shears. Cut a hole in the middle and slash from outer edge to fit around tree trunk. Scallop with pinky shears and decorate to your taste.

It's a labor saver too as it will catch needles and can be easily removed and dumped to make cleaning easier.

The first telephone line was installed between Boston and Somerville, Mass. in April of 1877.

Wreath Made from Colorful Gift-Wrapping

The "Poinsettia Wreath" is a cheerful holiday decoration for door or fireplace. You can make it inexpensively using Christmas gift wraps. Here is a marvelous idea for a Christmas bazaar, or as a gift for someone you'd like to please.

... Offered by Norcross, Inc.

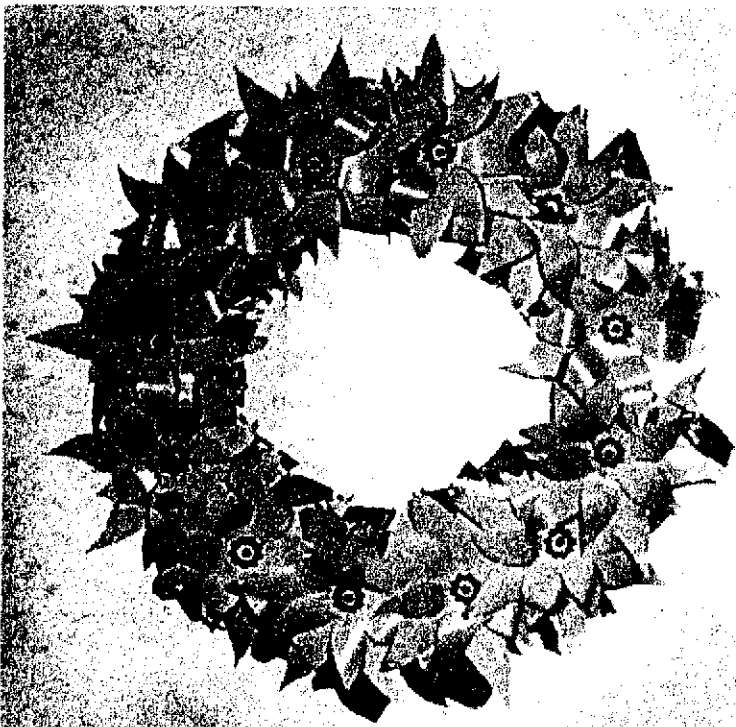

Materials:
2 rolls "Holiday Red" gift wrap
2 rolls "Emerald Fashion Foil" gift wrap
cardboard
straight pins
black beads
plastic foam ring, 18" diameter (outside), 14" diameter (inside), 1" thick

Instructions:
1. Wrap 1" strips of "Emerald Fashion Foil" around plastic foam ring; secure with pins.
2. Leaves: Cut shapes from 5 1/2" x 2 1/4" rectangles of "Emerald Fashion Foil", grain running lengthwise. Pinch one end and pin to wreath in overlapping rows.

Flowers:
3. Cut 12 cardboard circles, 2" in diameter.
4. Petals: For each flower, cut 6 petals, 3 3/4" x 1" and 6 petals 2 3/4" x 1" of "Holiday Red".
5. Cement large petals on a circle in radial pattern.

6. Cement smaller petals on top alternating points.
7. Curl petals over scissors blade.
8. Cement a circle of black beads in center of flower.
9. Attach flowers to wreath by pinning through black bead in center.

Instructions for making the "Poinsettia Wreath" and many other original Christmas decorations for the home, church, or school are available in a free booklet

Warplanes Hit Hanoi Area Again

By ROBERT TUCKMAN
Associated Press Writer
SAIGON (AP) — U.S. warplanes flew through challenging MIGs and heavy flak today for followup strikes on North Vietnam's biggest air base and a new rail on the rail-truck Doumer Bridge in the capital of Hanoi.

It was the second consecutive raid on the vital MIG airfield at Phuc Yen, previously on the Pentagon's restricted target list, and the second strike at the Doumer Bridge which was hit once before on Aug. 11.

The bridge carries most of the city's road and rail traffic across the Red River on the heavily travelled northeast route to Red China.

It was the second consecutive day of maximum effort raids by Air Force fighter-bombers from bases in Thailand.

The heavily laden F105 Thunderchiefs swept over Phuc Yen to again crater the 9,170-foot runway and to blast maintenance and support facilities north of the field which were untouched in Tuesday's raids.

The initial reports of the raid on Hanoi's Doumer Bridge said the bombs were "on target" but did not have further details. The Aug. 11 raid dropped a span in the dead center of the mile-long, 19-span concrete structure. The bridge is 1.7 miles from the city's center. The Air Force said photos showed the bombed out span had been repaired and the bridge was again carrying road and probably rail traffic.

A U.S. military spokesman said the raiders tangled twice today with MIG interceptors but repelled them.

U.S. pilots reported the North Vietnamese had filled in some of the bomb craters from the first assault during the night.

The U.S. Command reported earlier that 10 MIGs were destroyed or damaged and the air base put out of action for at least five or six days in the biggest raid of the war.

U.S. pilots reported the North Vietnamese had filled in some of the bomb craters from the first assault during the night.

Rich Man of Australia Dies

MELBOURNE, Australia (AP) — A. W. Palfreyman, one of Australia's richest men, died Tuesday night at the age of 92.

Palfreyman was chairman of Henry Jones Ltd., a jam and fruit canning concern, for 39 years until he retired in 1955. He also had a large interest in the Consolidated Tin Dredging Co. which pioneered the recovery of tin in Malaya by bucket dredging.

This, According to Boyle, Is America's 'Bossed Generation'

By HAL BOYLE
NEW YORK (AP) — It has become something of a game to give name tags to the different generations.

For example, the period following the U.S. Civil War has been called "The Gilded Age." And Gertrude Stein lumped all the sad young men in Paris after the close of World War I in the expressive term, "The Lost Generation."

How, then, could the present other generation be classified? That would cover anyone 50 or over.

Why not "The Bossed Generation"? They certainly have been bossed by change, circumstance, challenge and children.

Members of the Bossed Generation have never quite been able to keep their feet on the ground because the ground has kept sliding out from under them.

In mankind's past, many generations have known a period of safety, serenity or certainty—a full life's storm.

Not the Bossed Generation, however. It has never had a chance to get set, to lick its wounds, to recover from the blows that have continually bewildered it.

Consider the plight of one of these hardy veterans:

He was born to the sound of the vanishing hoofbeats of the horse, and before he was out of his britches he had to acquire the new art of ducking out of the

Marijuana May Get New Evaluation by Judges of Medicine

By JACK MILLER
Associated Press Writer
WASHINGTON (AP) — Top federal officials are widely divided in their views on marijuana. But they're concerned and trying to learn more about it.

The division was underscored following the statement last week by Food and Drug Commissioner Dr. James L. Goddard that he believes marijuana is less dangerous than alcohol.

Goddard recommended relaxing severe laws against marijuana to eliminate penalties against possession. He said penalties should be retained for distribution or sale.

Taking a sharply different position, U.S. Narcotics Commissioner Henry L. Glendon testified before Congress earlier this year that marijuana "is not, as some people say, less (dangerous) than alcohol or less than smoking tobacco. Some way we have got to get this across to the public."

And Dr. Philip R. Lee, assistant secretary for scientific affairs for the Department of Health, Education and Welfare, told The Associated Press, "We just don't have enough information" to know the dangers of marijuana.

But federal officials agree the growing use of marijuana is of serious concern.

To fill the gap in scientific data on the drug, the government has put high priority on new research by the National Institute of Mental Health.

The Institute's new Center for Studies of Narcotic and Drug Abuse hopes to have solid evidence in about two years.

Acting center director Dr. Roger Meyer acknowledged in an interview that the center is under heavy pressure—both public and governmental—to get the answer fast. And he said the question policymakers want to answer is whether marijuana should be legalized.

For now, says Lee, the administration's policy is that there should be no change in the law, which equates marijuana with the extremely dangerous opiate heroin and with other strong narcotics.

The Federal Narcotics Act provides for a mandatory prison term of 2 to 10 years for first offenses on possession of marijuana, though discretionary sentences are allowed for offenders up to age 26.

In Colorado, the death penalty is provided for second convictions involving persons under 25 with narcotics—including marijuana.

He referred to the state's introduction of notes written by Smith to a former jailmate which said: "My attorney is trying to make everyone on the outside think I'm insane."

A key witness was Mrs. Bonita Sue Harris Canteloupe, the only adult survivor, who testified she played dead after Smith shot her in the head and arm. She pointed to Smith as the killer during the first day of testimony.

Three other beauty school students—Mrs. Carol Farmer, 19, Mary Olsen, 18, and Glenda Carter, 18—were slain along with a customer, Mrs. Joyce Sellers, 27, and her daughter, Dedra, 3.

juana. What are the dangers of marijuana?

Federal officials agreed in a series of interviews that it's easier to say what the dangers are not.

The President's Crime Commission said earlier this year marijuana isn't habit forming physically, although users may become psychologically dependent on it; the user doesn't feel the need with time to increase the dosage as do opiate users; there is no conclusive evidence marijuana users graduate to more powerful drugs or that it causes crime; there are no obvious lasting physical effects and have been no known deaths.

But the commission found it to be by no means harmless, saying "it can cause anxiety, confusion or disorientation . . . (and) induce temporary psychotic episodes in predisposed people."

Highway Bids Include I-30 in Hempstead

LITTLE ROCK (AP) — The state Highway Commission opened bids today on 12 highway construction projects totaling about \$4.6 million plus a \$794,500 bid for the construction of a District 9 headquarters building at Harrison.

C. E. Martin Construction Co. of Harrison submitted the low bid on the district headquarters building.

The major highway construction job, a federal aid project on Interstate 40 from Atkins to Kenwood, went for \$1,976,248 in a joint bid by Freshour Construction Co., Inc., of Sweet Home and T. L. James and Co., Inc., of Ruston, La.

The projects by county include: WOODRUFF AND CROSS — Construction of two bridges and resurfacing 9.2 miles of Arkansas 284 from Arkansas 39 to Arkansas 193, Michay's, Inc., of Warren, \$54,596.

HEMPSTEAD — Construction of 1.4 miles of Interstate 30, including four overpasses from near Arkansas 4 interchange northeastward, Cleat T. Watts and H. F. Construction Co., Inc., of Russellville, \$733,855.

LITTLE RIVER — Widening and surfacing .6 of a mile of an industrial access road off Arkansas 71 near Ashdown, McMillan-Burkett Construction Co. of Texarkana, \$80,200.

LOGAN — Widening three bridges and resurfacing 4 of a mile on Arkansas 10 near Bonville, Moro, Inc., of Warren, \$132,794.

Cleburne surfacing 2.4 miles of Arkansas 107 from Arkansas 25 to Arkansas 110, Rock Products, Inc., of Heber Springs, \$185,621.

GARLAND AND SALINE — Screening junkyards on Arkansas 7 and Arkansas 30, United Fence Co., North Little Rock, \$9,497.

PERRY — Construction of two bridges and approaches over the Fourche LaPave River on Arkansas 216 two miles southwest of Houston, Moro, Inc., of Warren, \$199,818.

YELL — Construction of a bridge and surfacing 3.3 miles of Arkansas 154 from Arkansas 27 northeastward, Moro, Inc., of Warren, \$317,086.

POPE — Installing signs on nine miles of Interstate 40 from near Pottsville to the Atkins interchange, Interstate Sign Erectors, Inc., Little Rock, \$39,990.

BOONE — Construction of three bridges and surfacing four miles of Arkansas 206 from Arkansas 43 to Galtier, McClinton, Inc., Harrison, \$265,138.

POINSETT — Screening three junkyards on Arkansas 63, National Fence Co., Little Rock, \$6,931.

He referred to the state's introduction of notes written by Smith to a former jailmate which said: "My attorney is trying to make everyone on the outside think I'm insane."

A key witness was Mrs. Bonita Sue Harris Canteloupe, the only adult survivor, who testified she played dead after Smith shot her in the head and arm. She pointed to Smith as the killer during the first day of testimony.

Three other beauty school students—Mrs. Carol Farmer, 19, Mary Olsen, 18, and Glenda Carter, 18—were slain along with a customer, Mrs. Joyce Sellers, 27, and her daughter, Dedra, 3.

He referred to the state's introduction of notes written by Smith to a former jailmate which said: "My attorney is trying to make everyone on the outside think I'm insane."

Slayer of 6 Succumbs to Wounds

LOCK HAVEN, Pa. (AP) — Accused mass murderer Leo Held died today at Lock Haven Hospital of bullet wounds suffered in a blazing gun battle with police Monday.

A hospital administrator said Held's death about 6:30 a.m. resulted from a blood clot to his heart.

Held, a 40-year-old former school board member, was charged with murdering six persons and wounding six others during a shooting spree.

His death rules out the chance officers will ever learn what triggered the rampage. They had not questioned him because of the critical nature of his wounds and because of fear of violating his constitutional rights.

Funeral services were set for today for one of the victims, Elmer Weaver, 37, who worked with Held at a paper company in this central Pennsylvania town, as did four of the others killed.

The sixth victim was Floyd Quiggle, 27, Held's neighbor, who was slain after the shootings at the Hammermill Paper Co., while he and his wife were in bed. Mrs. Quiggle, critically wounded, is in Williamsport Hospital.

One of the wounded, Mrs. G. Schuyler Ramm, 37, was shot at the Piper Aircraft Co. plant, where she worked as a telephone operator. She had belonged to a car pool which had dropped Held for his alleged reckless driving. Held had driven there after the shootings at Hammermill.

Authorities, Held's family and area residents are still mystified as to what prompted the shootings by the laboratory technician.

Held was wounded by state and local police during a gun duel in his backyard.

Five of the persons wounded in the shootings remained in Lock Haven Hospital. Three are in critical condition, one is serious and the other is satisfactory.

Thick smoke curled from at least five fires in Suez and east a huge shadow over the canal's southern entrance. A long black stream of smoke trailed 20 miles into the Sinai Desert.

The Israeli army reported trouble on another frontier. It said two Israeli soldiers were killed, another was seriously wounded and an Arab was killed in a clash between troops and Arab infiltrators seven miles north of the Damsy Bridge spanning the Jordan River.

At the United Nations, there seemed little chance the Russians could round up enough votes to secure approval of their resolution condemning Israel.

Chief U.S. delegate Arthur J. Goldberg brushed aside the Soviet resolution, terming it a "midnight rerun of this stale record." He introduced a resolution calling on the council to condemn all violations of the Arab-Israeli cease-fire.

Israel and Egypt blamed each other for triggering the fierce artillery and mortar duel at the southern end of the Suez Canal. Fires still roared today in Egypt's two major oil refineries in the city of Suez which produced 80 per cent of Egypt's petroleum.

Tuesday's election on the ordinance was necessitated by a 1967 state act requiring a vote before a city license tax could be enacted.

He referred to the state's introduction of notes written by Smith to a former jailmate which said: "My attorney is trying to make everyone on the outside think I'm insane."

Minor Damage on Parking Lot

A soft-drink truck from Texarkana driven by Alvin Shields backed into a parked car owned by Cannon Flowers of Hope on the Goodyear lot at 9:25 a.m. Tuesday resulting in minor damage. City officers James Neal and Billy Johnson investigated. No charges were filed.

A hospital administrator said Held's death about 6:30 a.m. resulted from a blood clot to his heart.

Held, a 40-year-old former school board member, was charged with murdering six persons and wounding six others during a shooting spree.

Constable Jim Moore Dies in Crash

Jim Moore, 65, of Fulton, Constable of Bois d'Arc Township, was killed early Wednesday morning when his car ran

HOW TO STAY CALM AT CHRISTMASTIME

It's the season to be jolly! Don't fret when your husband hands you his last-minute shopping list, your in-laws announce a surprise visit and the children find the key to the Christmas closet. Now is the time to keep your cool, advise the experts at Paquin. Here's how:

Be Prepared
As you complete the holiday shopping, purchase a few extra gifts to hold in reserve. Many "little presents," such as perfume and a final blip of matching body lotion, massaged into hands, elbows, feet and heels.

Assemble a Crash Kit
On the night before Christmas, the mice may all be asleep, but the Mommas and the Poppas are busier than ever! To see yourselves through the hectic evening, have a little "crash kit" handy. It might include aspirin, a tube of Pfizer bacitracin ointment to relieve scrapes and burns, prepackaged band-aids, some penetrating heat lotion or ointment to soothe stiff, aching muscles, and a decongestant eye drop to return natural sparkle to red, tired eyes. In fact, the makers suggest that you always keep such a kit in kitchen, car glove compartment, and the workshop for everyday emergencies.

Enjoy, Enjoy!
So what if the tree lights just blow out and your husband thinks you still wear a size ten. And don't worry about that jolly old over the lace tablecloth. Everyone is having a wonderful time, and you are calm and collected.

Now, what are you going to do about New Year's?

MAKE HOME SHINE FOR CHRISTMAS

Where lights, tinsel, stockings or wreaths are to hang, that's where eyes will focus at Christmas so make sure that every eye-catching spot in the house is free of smudges, smears or soot. A product that will stand you in good stead in your Christmas cleaning stint is sal soda concentrated. . . . it's a boon to the budget, too, for not only is it inexpensive, but a little sal takes you a long way.

Start with the fireplace and mantel, the center of stocking-opening activities. Youngsters will endorse this enterprise for it means a clean entrance for Santa when he comes swinging his pack down your chimney. To erase the soot from brick, apply a strong solution of sal soda concentrated. . . . about a cup of sal per paulful of hot water with a stiff-bristled brush. For tile, apply the same solution with a sponge or cloth. For really stubborn spots on either brick or tile, brush or sponge the sal on dry. To get rid of fingerprint smudges around the mantel, use a weaker solution of sal and apply it with a sponge or cloth, rinse with fresh water and wipe dry. Use the same technique on doors that will sport wreaths and on archways that will sport mistletoe.

Coiling light fixtures, destined to be decked in greens, should be soaked in a sinkful

of hot sal solution. The film of grease-laden dust will be emulsified and your lights will shine the brighter for the cleaning.

When it comes to washing windows to make way for wreaths, swab them down with about three tablespoons of sal soda concentrated per quart of water, rinse with fresh water and wipe dry.

Spotlight Your Decorations

Inexpensive outdoor decorations can be made much more exciting and beautiful simply by spotlighting them.

Consider using a colored light, although white is always effective. The only really important thing to remember is to conceal the source of the light as much as possible.

Shrubby near a window or door is always good for cover. However, spotlights get hot, so take care that the heat is not too close to the shrubs to cause a fire.

Like to feature a twinkling star in your display? It's easy. . . . simply cut a star shape from perforated board. Place the light behind, turning it away from the star to shine on a wall or other large, solid object close by. The light will bounce back and shimmer through the tiny holes in the star-shaped board, making it seem to twinkle.

For courtesy's sake, make sure your outdoor lighting does not shine on your neighbor's home.

To determine the number of lamps you will need for mass lighting of your Christmas tree . . . figure two lamps per square foot of tree area.

For outline lighting, use one lamp per square foot of tree area.

HOPE (ARK) STAR, Printed by Offset

THE APPLE OF GRANDPA'S EYE . . . It seems generally accepted that the most important function in the life of any grandparent is to spoil his children's children. Maybe that's why grandparents are the largest single group of bike buyers in the country just before Christmas. There's lots of good health and good fun wrapped up in that bike. Photo, courtesy Bicycle Institute of America, Inc.

HE'S ALIVE! WELL, ALMOST. Toy designer Marvin Glass brings to children a "baby brother" with a different response for each different body action. For instance, pick up that kid's right arm; he says "Hey! That's my pitch-a-arm." Pull his ear, he says, "Let go of my ear!" Sit him down and leave him; he asks "Can't I come along?" That kid . . . fresh bright, talking doll, manufactured by Hasbro.

Choose 1967-8 'New-Look' Accessories

When choosing accessories for a man it is particularly important this Christmas to keep in mind the innovations in fashion.

The "tired old" choices will not do, at all. Shirts now put emphasis on French cuffs, so it behooves a well-dressed man to regard jewelry with new interest. Coordination is more important than ever.

French cuff shirts have opened up new styling vistas for jewelry. These shirts will be worn with nearly any kind of suit, but cuff links should be selected with regard for the type of outfit. With traditional or dressy suits, classic and conservative is best. Casual or contemporary suits will allow a man to be a bit more flamboyant in his jewelry selections.

Belts, too, should be keyed to the outfits with which they are worn. Choose casual type belts to be used with sport outfits and the dressier leathers with business suits. However, keep in mind that the dress belt should also relate to the color scheme of the outfit and to the color of the shoes worn with the suit or the slacks.

The colorful fabric, webbing and elastic sport belts should pick up either the general color scheme of the outfit or should specifically relate to one of its major components such as the shirt, tie or ascot.

Scarves add a fine sophisticated look to the open sport shirt collar and should be selected with the same care as a tie. The ascot should coordinate in both color and pattern with the outfit.

Replace worn, bulgy, over-stuffed wallets, card cases and pocket secretaries with a new slim assortment that will not detract from the groomed look.

The attaché case or brief case and luggage that a man carries is as much a part of his outfit as his shoes or coat. The best advice in purchasing leather or leather-like accessories is to purchase the finest quality one can afford.

The popular silk pocket squares are another accessory item that can do a lot for any outfit. Some men with a touch

of precision prefer the sets where the pocket square exactly matches the tie. Others show their individuality and so-

phistication by relating the pocket square to the outfit rather than using the same silk as that in the tie.

There are now foulard pocket squares in the same color combinations but in different designs from the twill or rep ties in the set.

The colored squares are correctly worn with business suits, sports outfits and dinner suits (tuxedos). Any lively color or pattern can be worn.

Try each day to take a 30-minute breather with nothing but relaxation in mind. Then shower, change your clothes, and . . . Happy holidays!

Choose Yule Tree With Extra Care

Shop as wisely for your Christmas tree as you do for that very special gift. In order to get a lovely tree that will stay that way there are several considerations.

First, check the shape of the tree, making sure that it is uniform and full-branched. Most important — check the tree for freshness. Gently

shake a few of the branches. If needles fall off, the tree is "too old."

Be sure to measure the height you want for the tree in your home, and then take that yardstick with you when you buy. A tree in an open-air lot looks smaller than it actually is. It's a waste of money buying a tree that is too tall; it also means it will have to be cut down.

Many people feel that it is worth it to spend a little more and get a fire-proofed tree. Many families are selecting the colored trees.

TRAVELING AT CHRISTMAS? KEEP IN MIND 'LITTLE THINGS'

Whether it's a trip across town or a trot across the globe, traveling is a traditional activity during the Christmas season.

For most, Christmas means an opportunity to strengthen ties with rarely-seen family and friends; for others, a time for that long-postponed vacation.

Regardless of reason, a Christmas trip is especially rewarding because of the Christmas spirit that pervades the world. For those bound overseas there also is the opportunity to see how people in other lands celebrate Christmas.

Of course, preparation is a bigger problem for the overseas traveler. One general rule to follow is never to take more than you must. But traveling light doesn't mean forgetting details; the little things often cause the big problems.

An example is the use of the popular electric shaver. Until recently, an American-made shaver could not be used in Europe because of differences in electric current. However, Remington's 550 Selektone has eliminated this problem.

Unlike other shavers, this shaver recharges almost anywhere in the world — 90 to 250 volts, 50 or 60 cycles, AC. It also features a shaver dial which adjusts the shaving heads to four shaving positions for every combination of skin and beard to insure a comfortable, yet close, shave.

There is also a dial position for pop-up sideburn trimmer and a position which flips side panels open for instant cleaning.

The 550 Selektone comes in a compact charging stand which doubles as a handy bracket for wall mounting at home. The shaver and stand are enclosed in a removable, leather-grained vinyl wrap which may be used as a travel case with or without the charging stand.

Some other "little things" to keep in mind when going abroad: Since you should be traveling light, a can of spot remover will come in handy and save you needless embarrassment. Also, shopping away from home for toilet articles, aspirin and other medicines can be bothersome and time-consuming. Take along a small

BREATHTAKING BEDAZZLEMENT . . . This glamour-package! The ring sparkles with the fire of a thousand Christmas candles burning in the huge pear-shaped center diamond and encircling brilliant-cut gems. The gold and diamond pin is ablaze with marquise and round diamonds. The gold and diamond earrings have glittering, detachable drops. Jewelry by Peter Lindeman, Inc. GIVE TOTS FUN-THINGS THAT DEVELOP POISE, COORDINATION

Good things don't always come in small packages as far as the pre-school set is concerned. If the toy that Santa brings this Christmas is big enough for climbing, stretching, sitting, jumping, it will delight a youngster long past the Christmas season.

Of interest to Santas who are disguised the rest of the year as parents and grandparents is current research that indicates a definite correlation between the physical and mental development of pre-school youngsters.

Holiday season or not, exercise is more than just "running off energy" for the pre-school child. It's his chance to develop motor skills and coordination, to learn and grow from his physical environment, to discover and explore. To give the pre-schooler an indoor, year-round chance to climb, sit, crawl, jump or slide, Playskool has introduced for Christmas gift-giving the first complete line of physical activities equipment especially designed for use indoors.

Lucky is the youngster who finds one of the five pieces of

kit of essentials. Other "little things," such as a container of shoe polish and a shoe brush, can save not only time but considerable money over an extended trip.

colorful new gym equipment under his Christmas Stocking — Teepee Gym, Jungle Gym, Rocking Boat, Gym Slide, or Teeter Totter.

From an Indian scout's position at the top of the Teepee, crawling around and through the bars of a Jungle Gym, balancing and sharing on the Rocking Boat or Teeter Totter, the pre-schooler sees his world from different perspectives. In an area usually confined with small toys, he has a new opportunity for the physical development that goes hand-in-hand with his intellectual growth and learning experiences.

Playskool's gym equipment, designed for preschoolers from 1½ to 4 years old, is constructed of sturdy one-inch chromed steel tubing with smooth Finish plywood, and horizontal climbing rods are durable oak dowels, gaily painted in primary colors. The classic structure of the equipment is a handsome and interesting design addition to children's or family rooms.

Scaled to the reach and stride of preschoolers, the new gym equipment is just the right size to leave next to the Christmas tree.

STAY WELL, ENJOY THE HOLIDAYS

The Christmas season is traditionally a time of joy, filled with parties, hectic shopping trips, sleigh rides and snowball fights. It is also a time of coughs and colds brought on by wintry weather and lowered resistance stemming from the fast pace of holiday activities.

Quick action at the first sign of coughs or colds can keep them from spoiling the Christmas season for the entire family. Although science hasn't come up with a cure for the common cold as yet, there are ways which will make a patient feel more comfortable and help him effect a speedier recovery.

Here are some suggestions for dealing with a cold as set forth by the U.S. Public Health Service:

1. Go to bed when you first feel a cold coming on.
2. Drink plenty of liquids — water, soups, fruit juices and milk.
3. Eat moderately of appetizing foods which agree with you.
4. Keep dishes and towels separate from those used by others.
5. Call a doctor in the event of high fever, severe headache, achiness, chest pains, hard coughing spells or earache.

An ounce of prevention can mean a happier new year.

One of the newest successful products to combat discomfort is "Pertussin" cough discs. Distinctively cherry flavored, the discs are chewy syrup in handy form. They contain the same cough-suppressing ingredient, dextro-methorphan, common to leading cough syrup brands.

Packages of the discs, wrapped in foil pouches, are an excellent item to have around the house. They make excellent stocking stuffers and are then handy when a cough or raspy throat threatens to put a damper on the family's enjoyment of Christmas.

The gentle and ladylike art of sewing and embroidery can be made extremely attractive to a favorite little girl if the reward is a silver tumbler for her first successful try.

HOPE (ARK) STAR, Printed by Offset

Seasonal Art on Wall Helps Create Magic

Decorating the home for the Christmas season has become quite an art. It often follows many family traditions, but each year, imaginative homemakers look for new ways to decorate and unusual uses for the family's favorite Christmas ornaments. This year, why not surround your family with the holiday spirit from packages under the tree and mistletoe overhead to seasonal art on the walls.

The Picture and Frame Institute suggests letting Christmas stories tell themselves on your walls. Wherever you have frame pictures, replace the picture with a scene appropriate to the season.

Christmas is the special time of year when pictures of religious events, particularly those representing the story of the birth of Christ, are appropriate almost anywhere in the home. Department, gift, or variety stores carry such pictures, and you are sure to find one that suits your family's interests.

Banks today grant loans for almost any reasonable need.

Low-Cost Decorating! Transform Dull Objects Thru' Art of Color

If your holiday decorating funds are limited, there are easy, effective ways to add extra Christmas beauty and still maintain the budget.

The secret is in spending a minor amount to effect a major change in the appearance of a room. The secret is also in using color in small amounts to erase the overall winter drabness of a home.

One of the practical beauty tips suggested by a design expert for Rez antiquing and stain colors is to spend five dollars to buy a new piece of furniture. There is no catch. The five dollars buys color to apply to an old or tired piece of furniture to transform it into a decorative room highlight that picks up the interest of its surroundings.

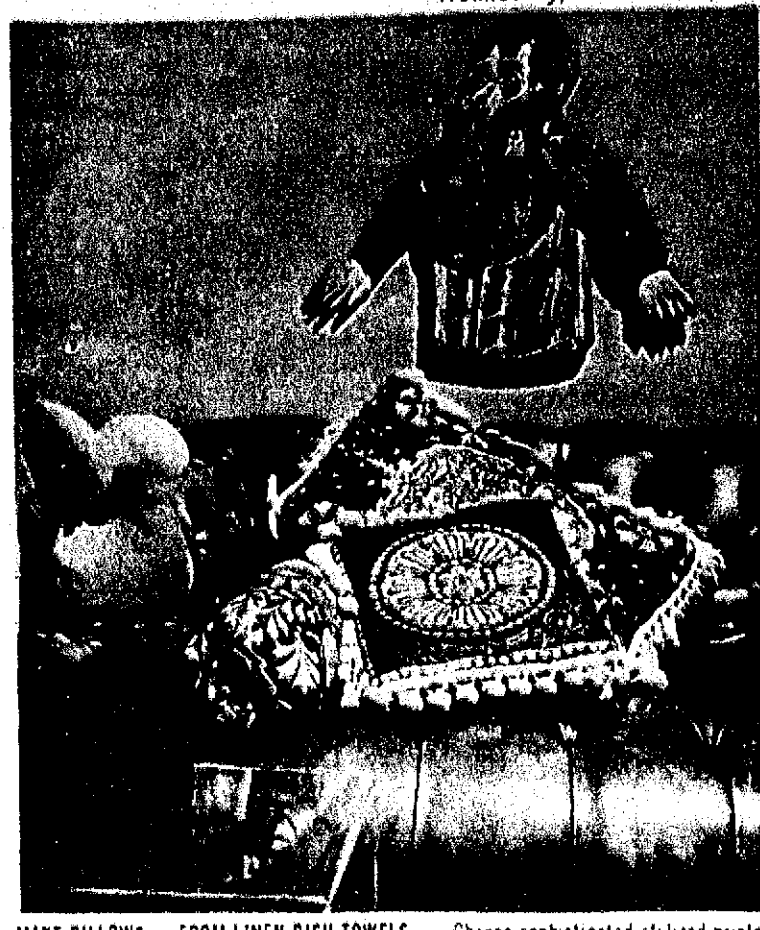

Leftover antiquing colors won't go to waste. If you choose a soft antique blue that reflects the Colonial era of elegance for a handsome but outmoded chest, use the leftover paint to apply to inexpensive candles that can be purchased for pennies in your variety store. In several antiquing kits available today, a tube of gold paint is included which can be applied as a candle trim and as

a smart coverup for unappealing candle holders.

If you decide to reawake the beauty of a scratch table by adding a fresh wood stain, use the leftover stain for plain paraffin candles you make or buy to simulate Christmas logs. The Rez people suggest scoring the candles with a hot nail before the stain is applied to give it a genuine rough-textured "cedar log" appearance. Then wipe on wood stain. After stain has dried, burn the "scores" into the candle. For a fir or spruce log, use a green stain.

Tack on a touch of holly, a wood sprite, an ornament. Arrange us logs in a circle of holly or other greens and you have created a Christmas hearth for the center of your holiday table.

The holiday season stimulates a woman to do the decorative extras that can become an important part of a room's decor the year around. All predictions seem to indicate that antiqued furniture will come on stronger than ever in the New Year. So choose the antique blues, reds, violets, greens and other mellowed finishes that will spark the decor for seasons to come. With the new two-step

MAKE PILLOWS — FROM LINEN DISH TOWELS — Choose sophisticated stylized prints for the lady of the house, old-fashioned cars for the dad and whimsical "way-out" designs for the teenager's room. Use foam rubber pillow forms according to desired size square doubling over towel and stitching all but one side, oblong, using second towel as facing, or seam to fit a bolster size. After inserting pillow, hand sew remaining seam. Add a brightly colored fringe to suit. Photo, courtesy Irish Linen Guild.

antiquing process, a large table or chest can be antiqued in a day.

Use the leftover paints and stains to create coordinated and unusual candle colors that reflect your artistic and economic approach to a happy holiday.

Truly Extraordinary Gifts
for that Extraordinary Woman

Women all over the U.S. will look back on Christmas 1967 in a few years' time and say, nostalgically, "That was a VERY good year".

They will be the wives, mothers, sweethearts and girl friends for whom Christmas '67 is spelled "Quintessa". And

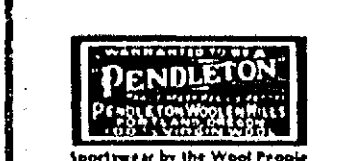

Lay-A-Way
Now For
Christmas

POSITIVELY
PENDLETON

A man's jacket styled to withstand the rigors of all outdoors.

A direct descendant of the jackets developed for the big game hunters of the Northwest, the Pendleton jacket is made of pure virgin wool. S-M-L-XL-XXL.

HERBERT BURNS
Hats & Wear
HOPE, ARKANSAS

they'll still have a beautiful remembrance of the wonderful moment when they stripped the last wrapper from a tiny package and found a box containing a pin, ring, bracelet or, maybe, earrings sparkling with precious stones.

Every Christmas, jewelry tops the "most wanted" and "most given" lists. For the luckiest girls of all there are diamonds, emeralds, sapphires and rubies; for the wife whose husband prefers the classics there's a string of pearls; for teens there are gimmicky pins and bracelets; for tots there are miniatures of everything that mother wears.

But for the man with gorgeous gift-giving on his mind, there's something new this year — "The Quintessa Collection" — 200 exquisite pieces of jewelry, the first nationally branded high fashion line ever launched in the U.S. from Union Carbide Corp.

First quality diamonds, sapphires and rubies are teamed with Lindé Created Emeralds into elegant, distinctive pieces designed by leading European craftsmen. To be fashionable, yet timeless, jewelry doesn't have to be dull and "safe".

The "Little Hut" ring, with Lindé Created Emeralds circling a single diamond amid golden palm fronds, will be in style as long as anyone remembers an idyllic vacation on a Pacific island. And, in tune with the upswing in leather fashions, a softly supple, white gold, gem-studded bracelet that encircles the wrist like a shining lariat.

Gold is enjoying a new popularity now, largely because of the many new methods of sculpturing and texturing the precious metal into exciting looking surfaces. The spirit of the sea is beautifully expressed when 18-karat gold is textured to resemble driftwood and fashioned in a twisting shape.

But whether your pocket-book runs to gift or gold, watch out this year for big, bold jewelry designs, free form rather than floral pins and wider, more textured rings.

Put a Petticoat
'Round Your Tree

Rather than using cotton to cover the base of your tree this year, why not plan to make a gay petticoat.

These can be made quickly with felt and a pair of pinkish shears. Cut a hole in the middle and slash from outer edge to fit around tree trunk. Scallop with pinkish shears and decorate to your taste.

It's a labor saver too as it will catch needles and can be easily removed and dumped to make cleaning easier.

Holly symbolizes joy and merriment, laurel for triumph, rosemary for protection and mistletoe for good will.

To Thrill Gals

LINGERIE

Slips are a year-in-year-out necessity that no female over has enough of. However, if you suspect that she is well-stocked in this department, try a slip or petti-slip in one of the new, bright lingerie shades. Just watch her eyes light up!

Sophisticated nylon gowns that can almost double for at-home wear, albeit a bit bare, will thrill even the hard-to-please type that you think has everything.

SWEATERS

Select a sweater to make a most suitable gift. Just let her social life decide your choice, and you can't go wrong. The outdoor gal wants a shaggy bulky, either pullover or cardigan style. The social butterfly can't get enough of beaded or embroidered cardigans and will consider a fur trimmed cashmere THE best gift ever!

FUR AND NEW

Even women who prefer the tried and true, will be delighted with a touch of what is new! And there's nothing newer this year than fur and fur-like accessories.

FACTS ABOUT
HOLIDAY BIRD

Turkeys weighing from 17 to 20 pounds are preferred for holiday meals with guests.

Swift & Company reported that nearly one-third of the persons checked in a survey on its Butterball turkey said they favored the range of 17 to 20 pounds when entertaining.

The next largest preference indicated for meals with guests was for turkeys of from 15 to 16 pounds.

The third preference grouping was a tie between those who used larger birds of from 21 to 24 pounds and smaller birds of from 13 to 14 pounds.

The Butterball turkey survey also showed that turkeys of from 11 to 12 pounds are the most popular for regular family meals. Next came nine to 10 pounds, and then six to eight pounds.

Americans appear to be on the way to doubling their consumption of their favorite national bird, the turkey.

Per capita consumption is forecast for 8.4 pounds in 1970, more than doubling the 4.1 pounds of 20 years earlier, according to a survey by Swift & Company for its Butterball turkey.

Turkey consumption per person went up 80 per cent from 1950 through 1965, from 4.1 to 7.4 pounds, and is expected to be above about 7.6 pounds this year.

HOPE (ARK) STAR, Printed by Offset
How Will Your Gifts Stack Up
with 'In' Group? Rate Yourself

How "with it" are you? Check yourself against this list of gift suggestions for the holiday shoppers to find out just how you'll rate with the swinging set come the gift-giving season. Most of the items have not been around very long. Those that have are enjoying a new wave of popularity and all are generally available. Count one point for every item you've heard of. Then find your "swinging" rate at the end.

DAD: Cartridge tape player

"READ TO ME from my new Cinderella book?" asks this three-year-old on Christmas morning. She's interested because it tells the story of her very own brand new three piece set of "Cinderella" dinnerware. An ideal gift for toddlers, the melamine dinnerware will please Mother, too, for its break resistant and dishwasher safe qualities. By Allied Chemical Corporation.

Let Your Hair
Be As Gay
As The Season

'Tis the Season to be a Red-head!

The sudden success of red hair is largely due to product developments in hair coloring and the dramatic change in this year's fashion fabrics. Colors borrowed from precious and semi-precious stones appeared last year, but most were muted with deep overtones; this season, designers have gone all the way with pure crystal-clear colors in their full intensity.

Sparkling the run on reds in bright and lively or soft and subtle red shades, is a new easy-to-use product, shampoo-in haircolor. The shades promise rich, even, discreet color results without color build-up and give excellent gray coverage, too.

Rich greens, lush ruby reds, sparkling topaz, sunny amber, brilliant sapphire and copper metallic sparkle are electrifying the clothing scene. And, for a woman's hair to avoid playing "second fiddle" to her new clothes, becoming redheaded seems the ideal choice! Play up to your potential this holiday season!

Whether a gal is brown, blonde or graying, she can achieve the red color of her choice in a simple twenty-minute shampoo application. Everything needed for the color treatment is included in the shampoo-in haircolor kit.

Holiday Safe
Driving Tips

Take any intersection, add winter driving conditions, stir in exhilarating holiday mood and sports and you've got a recipe that spells dangerous trouble.

"Holiday Mood" can be defined as preoccupation with the social whirl or as the glow of "holiday sports". There is no minimizing of danger from intersection accidents. You can avoid intersection accidents by being alert, which means, not to drink alcohol or driving.

Half of all accidents in urban areas happen at intersections. Reduced visibility and reduced traction are the main bogstons of winter driving, says the Safe Winter Driving League. The League distributes information on how to avoid winter driving hazards.

Trapped on snow or ice in crevices with either snow tires or chains. With snow tires on ice at 40 m.p.h. you stop need 142 feet to stop. But chains will stop you in 173 feet.

This holiday, be safe, not sorry. Live to enjoy a very happy New Year!

for the car; mini ice bucket; Charlie Chaplin or Laurel & Hardy home movies; electric hedge trimmer; op art dart board; Beardsley paper weight; LP recording of Marshall McLuhan's "The Medium Is the Message."

MOTHER: Racing gloves; paper caftan; make-your-own six-hour knit dress pack; mini stretch wig; wig stand; pale glass sunglasses; 45-piece Artisan melamine dinnerware set in the "Sunflower" pattern by Allied Chemical Corporation;

10-inch length of fake eyelash; turtle-skin pocketbook; pewter bathroom fixtures; knit helmet; caballero hat; cordless electric spoon.

AUNT AND UNCLE: Mini garden tools; Norwegian goat cheese; mini art on mini easel; circular jigsaw puzzle; mini picnic thermos; sugar bowl for cream (powdered, of course); electric battery re-charger.

NEW CAREER OR NEW-LYWEB: Inflatable plastic chair; Peter Max poster; paper Tiffany lamp columns; printed window shades; cube or sphere lamp; shaggy pillow ball; flag or soup-can decorated drinkware; portable clothes dryer; wicker chest; vacuum hassock; table cubes; tickets to off-Broadway's "You're A Good Man, Charlie Brown," or current local musical.

COLLEGE STUDENT: Street sign discards or replicas; street sign pillows; inflatable pillows; cartridge tape portable AM-FM stereo radio; battery-operated clock radio; recorder; cartridge tape player; hi-intensity lamp; old movie posters; giant soup can wastebasket; paper slippers; polka dotted suitcase.

TEEN-AGE BOY: Guitar; records by The Association; bean bag radio; book on palm reading; op art mobile; surf board; lamp clock; battery-operated phonograph.

TEEN-AGE GIRL: Mini hair dryer; electric curlers; leg art paint; electric hair and nail kit; papier-mâché slave bracelets; mirror jewelry; chained belts; bracelets and bags records by The Supremes; foot-wide paper flowers; ostrich-plume boa; flower-power poster; love soap; mod watch; six-inch (plus) wide belt; water buffalo sandals; mini billfold; anything purple; a book on horoscopes.

SMALL FRY: Peanuts pillow; shirt, games; big soup-can storage bin; "The Jungle

Book," high-riser bike; skate stilts; Peanut dolls; address book, desk set; paper-mache piggy bank; Winnie-the-Pooh stationery pack; skirt-pants dress; paper lunch box pack; see and tell phonographs.

TODDLERS: Paper houses to climb into; paper tub chairs; stuffed Winnie-the-Pooh, Eeyore, Piglet; three-piece melamine feeding set in the "Cinderella" or "Jungle Book"

patterns; chairs and tables to construct themselves; oatmeal box table; paper pinaflore.

That's it. We bet it's safe to say you're reasonably familiar with 60 per cent of the above. If you hit the 80 mark, you're in there pitching and for any score above that, count yourself a real swinger.

FILM AND STAGE ACTRESS LAUREN BACALL makes her contribution in New York City to the Volunteers of America's 71st annual Christmas campaign fund. This national welfare organization — with its Sidewalk Santas and chimneys on street corners across the Nation — uses the funds to help the needy, regardless of race, color or creed, not only at Christmas time but throughout the year.

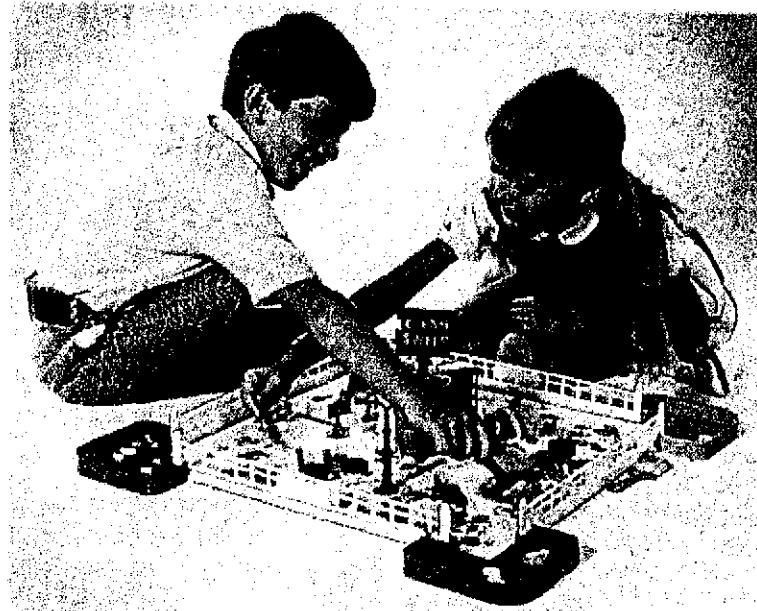

Mexican 'Fire Plant' Is Our Own Poinsettia

More than a hundred years ago our Ambassador to Mexico Joel Roberts Poinsett, took a fancy to a brilliant tropical plant, known as the Mexican Fire Plant.

Returning to his home in South Carolina, he started growing the plant from cuttings he brought from Mexico. Soon the scarlet-leaved plant came to the attention of American botanists, and under the name "poinsettia," it was destined to become symbolic of Christmas.

In tropic climates, poinsettia is grown in varieties of white, pink and yellow, but by far the most popular is the bright red that carries out the color scheme of Christmas.

CHRISTMAS TRIM
For fun and a Christmas conversation-piece, trim a small tree with unusual items that fit into your home's decor. If an oriental favor will do, miniature fans and parasols make a delightful way to trim. Search the party-favor shops for similar ways to add gaiety to your home.

CLEAN SWEEP... New game by designer Marvin Glass makes exciting competition of good citizenship. Now youngsters can wage their own anti-litter war with small brooms and points for good housekeeping. Miniature trash can in center of "town" ingeniously dispenses multi-colored litter. Players sweep "bad" litter around benches, bridges and light poles into opponents' bin, "good" litter into own bin. By Schaper.

NOW! An Affordable Home-Movie Camera

For years, still photographs have been a warmly sentimental part of the family Christmas celebration: the tree, the

children with their gifts, everyone dressed for church, relatives arriving, the table with its banquet. Many families set time aside on The Day to view pictures from previous seasons. "That was the year Johnnie was born, hasn't he grown?" "Look at those funny hair styles!" "Oh, George — remember your awful mustache!" (And, of course, this is the moment to take the picture for next year's Christmas cards.)

Such colorful evidence of previous happy holidays is traditional. But now something new is being added. Movies. Hollywood-at-Home.

Until recently, movie cameras have been too expensive and/or too complicated for use by most families. No more. Argus, the camera people, point out that you can now have a fine movie camera with Hollywood features for slightly over one hundred dollars and an almost-miraculous one for about twice that. The new models offer more than economy: they are instant loading, they almost run themselves, they tell you — literally — when you are doing something wrong. Some even have a light signal (like a TV camera) to let your subjects know when they are on-camera.

Since the operation of the camera is so easy, experts suggest that you devote most of your attention to other matters. For example —

- Prepare a simple scenario in advance. This need be only a check list of the important things you want to film: children, gifts, arrivals, grace at the table, etc. Many fine shots appear unexpectedly; just don't waste film on trifles and omit the truly meaningful moments.

- Have your actors move about and do something. Get them busy before you start filming. They will be more relaxed and natural.

- If this is to be a Christmas gift camera, make sure it is presented in advance so that Dad (or whoever) has a chance to read the instructions and get set to roll on Christmas morning.

- Finally — and this is serious — don't forget the film!

Gift Line Up

Delicious goodies from your own kitchen are always wonderful gifts. But, what makes them even nicer is the way you dress them up.

Little individual cakes, for instance, are so gay when tied with ribbons.

Coffee cans, painted, trimmed and lined with doilies, are just-right containers for a gift of home-roasted nuts.

Happy holidays!

HOPE (ARK) STAR, Printed by Offset New Adventures in Actual Cooking Attract Youngsters

New adventures in cooking take the spotlight in Toyland this Christmas. Most unusual is a new Big Burger Grill which operates on one ordinary electric light bulb, beamed to interest boys as well as girls in operating a drive-in type stand. This unusual grill, by Kenner, produces a complete range of quick order treats including cheese dreams, pan cakes, burgers and franks and rolls to match.

A see-through cover protects kids from spatter and there's a safety trap for grease so kids can cook wholly without supervision. Mixes for onions, cat-sup, pancakes, syrup, etc. add to the fun.

Another hit in the cooking area of Toyland is the Easy-Bake oven which operates on

two electric light bulbs. This is notable for safety features which protect little fingers. A slide-in arrangement makes it impossible to get out the cake pan until it is cooled.

There's a broad range of goodies in failure-proof mixes which the junior cooks can stir and bake to their hearts' delight without supervision, such as gingerbread, honey cakes, bubble gum, devil's food, and there's a corn popper attachment too.

Newest thrill is the candy bar set which makes it possible to bake real candy bars with peppermint, butter pecan and maple centers and chocolate or cherry vanilla covers. This kit includes candy bar special foil pans, candy wrappers and sep-

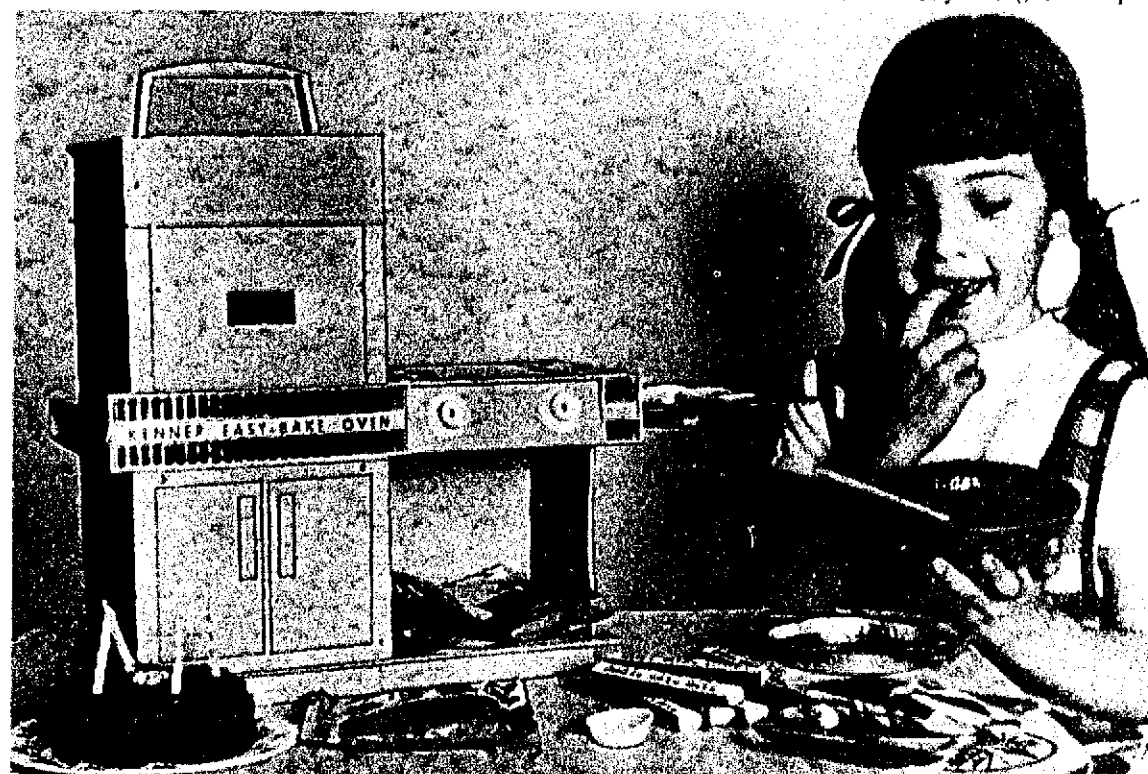

arator sheets.

And perfectly timed to make junior cooking enthusiasts enjoy clean-up operations, there's a new jet-action automatic dish-washer that attaches to an ordinary faucet. It has a see-through cover so the kids can enjoy watching the detergent do the job.

Children can operate their own dairy "Ice Cream Stands", too, with Freeze Queen. The set includes a dairy stand machine, a mixer, a cone dispenser and "just add water" mixes. Pre-freeze the canister in the ice compartment of the family refrigerator, then insert in the Freeze-Queen. No need for a plug in to bring the mixes to proper temperature. The youngsters can create a wide variety of curly top cones, sundaes, sherbets and sodas.

WREATH MAKING

It's fun and easy to make your own Della Robbia wreath. You can buy evergreen roping

EASY-BAKE OVEN operates on 2 ordinary electric light bulbs and bakes in half the time Mom's oven requires. Just add water to the special mixes provided will produce delicious cookies, frosted cakes, and other treats "by for the junior cook" By Kenner.

in the length you desire. Form a circle with it. Then with wire attach fruit and nuts that have been dipped in white shellac. Good to use are crab apples,

Seckel pears, limes, lemons, tangerines, kumquats, grapes and cranberries. Wash the fruit before you shellac them.
